SDCP Advice Letter 31-E

**RE: San Diego Community Power's Disadvantaged Communities Green Tariff Program
2025 Power Purchase Agreement Approval**

San Diego Community Power ("SDCP") hereby submits to the California Public Utilities Commission ("Commission" or "CPUC") this advice letter ("AL") for approval one fully executed power purchase agreement ("PPA") that resulted from SDCP's initial Disadvantaged Communities Green Tariff ("DAC-GT") Request for Offers ("RFO").

The following appendices are included as a part of this AL:

Appendix A: Renewable Power Purchase Agreement between SDCP and Luminia, LLC ("Seller"), dated as of February 19, 2025 ("Luminia PPA"); and

Appendix B: Confidentiality Declaration.

TIER DESIGNATION

Pursuant to General Order ("GO") 96-B, Energy Industry Rule 5.2, and Ordering Paragraph ("OP") 4 of Commission Resolution E-5246, this AL is submitted with a Tier 2 designation.

EFFECTIVE DATE

Pursuant to General Order 96-B and General Rule 7.3.4, SDCP requests that this Tier 2 AL become effective 30 days following submittal, which is March 27, 2025.

BACKGROUND

On June 21, 2018, the Commission issued Decision ("D.") 18-06-027 adopting new programs to promote the installation of renewable generation among residential customers in Disadvantaged Communities ("DACs"), as directed by the California Legislature in Assembly Bill 327 (Perea), Stats. 2013, Ch. 611. Pursuant to D.18-06-027, Community Choice Aggregators ("CCAs") may develop and implement their own DAC-GT and Community Solar Green Tariff ("CSGT") programs. CCA programs must abide by all DAC-GT or CSGT rules and requirements adopted in D.18-06-027 for the investor-owned utilities ("IOUs"). D.18-06-027 provides that CCAs must file a Tier 3 advice letter to implement the CCA DAC-GT and CSGT programs and allows CCAs to combine DAC-GT and CSGT proposals into one Tier 3

advice letter. Resolution E-4999 further stipulates that such advice letters must be filed on or before January 1, 2021, or the capacity allocated to the CCA will be reverted to an IOU or another CCA. Moreover, Resolution E-4999 states that, should a new CCA be launched after January 1, 2021, as is the case with SDCP, the issue of new program implementation would be addressed in a future application for review.

Consistent with all provisions in D.18-06-027, D.18-10-007, Resolution E-4999, and guidance received from the Commission's Energy Division, SDCP submitted its Tier 3 Advice Letter (SDCP AL 10-E) on October 12, 2022 to create DAC-GT and CSGT programs. The Commission approved SDCP's DAC-GT and CSGT programs, with modifications, by issuing Resolution E-5246 on March 20, 2023. Resolution E-5246 requires SDCP to "submit all executed Power Purchase Agreements via a Tier 2 Advice Letter for approval no later than 180 days following notification of selected bidders."¹ Resolution E-5246 also authorizes the Director of the Energy Division, or his/her designee, to adjust the schedule to submit the PPA advice letter if additional time is needed.

On June 6, 2024, the Commission issued D.24-05-065 discontinuing the CSGT program and transferring all remaining unprocured capacity assigned to the CSGT tariff to a modified DAC-GT.² As such, SDCP's solicitation offer selection process was adjusted to reflect the discontinuation of the CSGT program and modifications to the DAC-GT program, as described in the "Summary of Solicitation Process" below.

SDCP now submits this AL to request approval of the executed PPA attached hereto and further described below.

SUMMARY OF SOLICITATION PROCESS

1. Process Overview

On May 19, 2023, SDCP's solicitation materials, including a term sheet for the DAC-GT program ("DAC-GT Term Sheet") were submitted to the CPUC in SDCP AL 13-E. The solicitation materials were approved by the CPUC on June 19, 2023.

Procurement for the DAC-GT and CSGT programs ran simultaneously and were conducted through a competitive solicitation. Consistent with D.18-06-027, each program had separate capacity allocations and bid requirements. SDCP issued its initial DAC-GT and CSGT RFO on August 25, 2023. The initial RFO notification of the launch was sent to SDCP's power services distribution list, and updates were made to SDCP's dedicated DAC-GT and CSGT program webpage and solicitations webpage to include information about the RFO launch. SDCP also held 2 pre-RFO webinars for interested parties.

Interested parties were presented with the opportunity to submit questions via Monday.com and SDCP posted responses to questions on its website.

¹ Resolution E-5246 at 14 (Ordering Paragraph ("OP") 4).

² D.24-05-065 at 169-171 (OPs 2 and 3).

SDCP solicited bids for projects sized 500 kilowatts (“kW”) to 20 megawatts (“MW”) for DAC-GT projects and up to 3 MW (no minimum) for CSGT projects. SDCP received offers through February 24, 2024. SDCP received five offers for its CSGT program and five offers for the DAC-GT program from two developers. However, after the Commission issued D.24-05-065 on June 6, 2024, all unprocured capacity associated with the CSGT program was moved to the modified DAC-GT program.

Four of the offers received by SDCP fell below the 500-kW threshold for the DAC-GT program and therefore were not able to move forward under the modified DAC-GT program. The remaining two offers met the cost containment requirements in Resolution E-4999 and satisfied all other eligibility requirements outlined in SDCP’s CPUC-approved DAC-GT and CSGT RFO Protocols.

Due to delayed negotiations outside of SDCP’s control, SDCP has been unable to execute a PPA for one of the eligible offers within the 180-day deadline set forth in Resolution E-5246.³ SDCP is continuing efforts to finalize a PPA associated with this eligible offer. Consistent with direction provided in Resolution E-5246, SDCP is concurrently submitting a request for extension to submit a final PPA associated with this eligible offer. In total, SDCP expects to submit two PPAs associated with eligible offers received by SDCP. However, only one selected offer is addressed in this AL.

2. Offer Selection

SDCP executed the Luminia PPA with Luminia LLC (“Seller”) on February 19, 2025. SDCP selected Seller based on a variety of factors, including meeting the cost containment requirements set forth in Resolution E-4999 and satisfying eligibility requirements set forth in SDCP’s DAC-GT and CSGT RFO Protocols. The executed PPA is provided hereto as Appendix A, subject to the confidentiality declaration set forth in Appendix B. Table 1 below is a summary of the selected project that will deliver products to SDCP under the Luminia PPA (“Luminia Project”).

3. Remaining Capacity Available

As mentioned above, SDCP submitted AL 10-E on October 12, 2022 to create the DAC-GT and CSGT programs for SDCP. However, in anticipation of SDCP creating these programs, SDCP earlier submitted and the CPUC approved AL 4-E requesting a transfer from San Diego Gas & Electric Company (“SDG&E”) of 14.39 MW for the DAC-GT program and 4 MW for the CSGT program. In addition, following CPUC approval of the program capacity transfer under AL 4-E, CalEnviroScreen (“CES”) was updated to CES 4.0 and the SDCP Board of Directors voted to accept the city of National City as a new member of SDCP. Both changes affected the eligibility of DACs within SDCP’s territory, and as such, SDCP requested a capacity transfer from SDG&E for both programs in AL 10-E. Commission approval of AL 10-E resulted in a total DAC-GT program capacity of 15.78 MW and CSGT program capacity of 4.38 MW for SDCP. Following D.24-05-065, SDCP’s remaining unprocured capacity for CSGT was assigned to the modified DAC-GT program, resulting in a total DAC-GT program allocation of 20.16 MW. Table 2 below summarizes how execution of the Luminia PPA will affect SDCP’s allocated program capacity for the DAC-GT program.

Table 2 – SDCP’s Remaining Program Capacity

	Modified DAC-GT
Total Program Capacity Allocation (MW)	20.16
Total executed contract capacity from the Luminia PPA (MW)	1.7
Remaining Program Capacity (MW)	18.46

STANDARD CONTRACT TERMS

As noted above, the DAC-GT Term Sheet was submitted for approval by SDCP as part of its solicitation material. Among other terms, the DAC-GT Term Sheet describes key terms that should be included in a DAC-GT PPA, including a term of 20 years, a requirement that the seller submit a project development milestone timeline and provide progress reports to SDCP on key development milestones until the project begins delivering energy. The DAC-GT Term Sheet also requires the seller to provide development security and performance security for the benefit of SDCP.

SDCP’s DAC-GT Term Sheet informed the terms of the Luminia PPA. Listed below are descriptions of relevant changes from the CPUC-approved DAC-GT Term Sheet and the executed Luminia PPA:

- Requirements and references to Full Capacity Deliverability Status and Resource Adequacy were removed.
- Green-E certification requirements were removed, in accordance with D.24-05-065.
- References to Guaranteed Construction Start Date, along with associated Construction Delay Damages, were removed.

- Seller security deposit amounts for Development and Performance Securities were adjusted from \$90 and \$60 per kW respectively to [REDACTED]
- The number of days for which Seller can pay Commercial Operation Date Delay Damages were adjusted from a sixty (60) day maximum to [REDACTED]
- The due date to replenish any draw on the Development or Performance Securities were adjusted from five (5) days to [REDACTED]
- Notice due date to inform SDCP of Force Majeure events was adjusted from within three (3) business days to [REDACTED]
- Compensation for excess deliveries was adjusted such that excess is defined as [REDACTED] instead of greater than 105% of expected energy.
- Notice due date to inform SDCP of planned outages for operations and maintenance purposes was adjusted from one-hundred twenty (120) days to [REDACTED]

COST RECOVERY

The DAC-GT program is funded through a combination of Greenhouse Gas auction revenues and public purpose program funds.⁴ As set forth in its Annual Budget Advice Letter, SDCP's program costs are recovered as part of SDG&E's annual Energy Resource Recovery Account ("ERRA") proceedings. As directed in Resolution E-5246, SDG&E remits program funds to SDCP in quarterly installments by January 1, April 1, July 1, and October 1 of each year.⁵

REQUEST FOR CONFIDENTIAL TREATMENT

SDCP is seeking confidential treatment for Appendix A attached hereto. The information for which SDCP is seeking confidential treatment is identified in the Confidentiality Declaration in Appendix B. A public version of this AL and its attachments is being served on the service list for R.14-07-002 and A.22-05-022.

3.6 Test Energy. No less than fourteen (14) days prior to the first day on which Test Energy is expected to be available from the Facility, Seller shall notify Buyer of the availability of the Test Energy. If and to the extent the Facility generates Test Energy, Seller shall sell and Buyer shall purchase from Seller all Test Energy and any associated Products, including Green Attributes on an as-available basis; *provided however*, Buyer may consent to, but has no obligation to purchase Test Energy before ninety (90) days prior to the earlier of the Expected COD or the Guaranteed COD. As compensation for such Test Energy and associated Product, Buyer shall pay Seller an amount equal to one hundred percent (100%) of all net CAISO revenues received by Buyer for the Test Energy (the “**Test Energy Rate**”). To the extent a change in law occurs after execution of this Agreement that causes this representation and warranty to be materially false or misleading, it shall not be an Event of Default if Seller has used commercially reasonable efforts to comply with such change in law. [STC REC-1].

(d) Tracking of RECs in WREGIS. Seller warrants that all necessary steps to allow the Renewable Energy Credits transferred to Buyer to be tracked in Western Renewable Energy Generation Information System will be taken prior to the first delivery under the contract. [STC REC-2].

(b) If a change in Law occurring after the Effective Date has increased Seller's known or reasonably expected costs to (A) cause the Facility, the Energy generated by the Facility, or the associated Green Attributes to comply with the California Renewables Portfolio Standard, (B) obtain, maintain, convey or effectuate Buyer's use of any Green Attributes, or (C) a change in

CONFIDENTIAL

(c) Any actions required for Seller to comply with its obligations set forth in Section 3.12(b), the cost of which will be included in the Compliance Expenditure Cap, shall be referred to collectively as the "**Compliance Actions**."

(e) Buyer will have sixty (60) days to evaluate such Notice (during which time period Seller is not obligated to take any Compliance Actions described in the Notice) and shall, within such time, either (i) agree to reimburse Seller for all of the costs that exceed the Compliance Expenditure Cap (such Buyer-agreed upon costs (including lost production, if any), the "**Accepted Compliance Costs**"), or (ii) waive Seller's obligation to take such Compliance Actions, or any part thereof for which Buyer has not agreed to reimburse Seller. If Buyer does not respond to a Notice given by Seller under this Section 3.12 within sixty (60) days after Buyer's receipt of same, Buyer shall be deemed to have waived its rights to require Seller to take the Compliance Actions that are the subject of the Notice, and Seller shall have no further obligation to take, and no liability for any failure to take, these Compliance Actions for the remainder of the Contract Term.

(f) If Buyer agrees to reimburse Seller for the Accepted Compliance Costs, then Seller shall take such Compliance Actions covered by the Accepted Compliance Costs as agreed upon by the Parties and Buyer shall reimburse Seller for Seller's actual costs to effect the Compliance Actions, not to exceed the Accepted Compliance Costs, within sixty (60) days from the time that Buyer receives an invoice and documentation of such costs from Seller.

3.13 Project Configuration. In order to optimize the benefits of the Facility, Buyer and Seller each agree that if requested by the other Party, then Buyer and Seller will discuss in good faith potential reconfiguration of the Facility or Interconnection Facilities; *provided*, neither Party shall be obligated to agree to any changes under this Agreement, or to incur any expense in connection with such changes, except under terms mutually acceptable to both Parties (and Seller's Lenders) in their sole discretion as set forth in a written agreement executed by the Parties.

3.14 Buyer's Re-Sale of Product. Buyer shall have the exclusive right in its sole discretion to convey, use, market, or sell the Product, or any part of the Product, to any Subsequent Purchaser; and Buyer shall have the right to all revenues generated from the conveyance, use, re-sale or remarketing of the Product, or any part of the Product. Seller shall take all commercially reasonable actions and execute all documents or instruments reasonably necessary to allow Subsequent Purchasers to use such resold Product, but without increasing Seller's obligations or liabilities under this Agreement. If Buyer incurs any liability to a Subsequent Purchaser due to the

(a) Energy. Subject to the provisions of this Agreement, commencing on the Commercial Operation Date and continuing through the end of the Contract Term, Seller shall supply and deliver the Product to Buyer at the Delivery Point, and Buyer shall take delivery of the Product at the Delivery Point in accordance with the terms of this Agreement. Seller shall be responsible for paying or satisfying when due any costs or charges imposed in connection with the delivery of Energy to the Delivery Point, including without limitation, Station Use, Electrical Losses, and any operation and maintenance charges imposed by the Distribution Provider directly relating to the Facility's operations. Buyer shall be responsible for all costs, charges and penalties, if any, imposed in connection with the delivery of Delivered Energy at and after the Delivery Point, including without limitation transmission and distribution costs and transmission and distribution line losses and imbalance charges, except as otherwise set forth in this Agreement. The Delivered Energy will be scheduled to the CAISO by Buyer (or Buyer's designated Scheduling Coordinator) in accordance with Exhibit D.

(b) Green Attributes. All Green Attributes associated with Test Energy and the Delivered Energy are exclusively dedicated to and vested in Buyer. Seller represents and warrants that Seller holds the rights to all Green Attributes from the Facility, Seller has not sold such Green Attributes to any other person or entity, and Seller agrees to convey and hereby conveys all such Green Attributes to Buyer as included in the delivery of the Product from the Facility.

4.2 Title and Risk of Loss.

(a) Energy. Title to and risk of loss related to the Delivered Energy, shall pass and transfer from Seller to Buyer at the Delivery Point. Seller warrants that all Product delivered to Buyer is free and clear of all liens, security interests, claims and encumbrances of any kind.

(b) Green Attributes. Title to and risk of loss related to the Green Attributes shall pass and transfer from Seller to Buyer upon the transfer of such Green Attributes in accordance with WREGIS.

4.3 Interconnection. Seller shall be responsible for all costs and charges associated with Interconnection Facilities and Network Upgrades necessitated by the interconnection of the Facility. Seller shall ensure that throughout the Delivery Term (a) the Facility will have an Interconnection Agreement providing for interconnection capacity available or allocable to the Facility that is no less than the Dedicated Interconnection Capacity and (b) Seller shall have sufficient interconnection capacity and rights under such Interconnection Agreement to interconnect the Facility with the CAISO-controlled grid, to fulfill Seller's obligations under the Agreement and to allow Buyer's dispatch rights for the Facility to be fully reflected in the CAISO's market optimization and not result in CAISO market awards that are not physically feasible. Seller shall hold Buyer harmless from any penalties, imbalance energy charges, or other

costs from CAISO or under the Agreement resulting from Seller's inability to provide the foregoing interconnection capacity.

4.4 Forecasting. Seller shall provide the forecasts described below at its sole expense and in a format acceptable to Buyer (or Buyer's designee). Seller shall use reasonable efforts to provide forecasts that are accurate and, to the extent not inconsistent with the requirements of this Agreement, shall prepare such forecasts, or cause such forecasts to be prepared, in accordance with Prudent Operating Practices.

(a) Annual Forecast of Energy. No less than forty-five (45) days before (i) the first day of the first Contract Year of the Delivery Term and (ii) the beginning of each calendar year for every subsequent Contract Year during the Delivery Term, Seller shall provide to Buyer and the SC (if applicable) a non-binding forecast of each month's average-day Expected Energy, by hour, for the following calendar year in a form substantially similar to the table found in Exhibit F-1, or in such other form as reasonably requested by Buyer.

(b) Reserved.

(c) Reserved.

(d) Reserved.

(e) Forced Facility Outages. Notwithstanding anything to the contrary herein, Seller shall promptly notify Buyer's SC of Forced Facility Outages and Seller shall keep Buyer informed of any developments that will affect either the duration of the outage or the availability of the Facility during or after the end of the outage.

(f) Reserved.

(g) CAISO Tariff Requirements. The Facility shall participate in and Seller will comply with all applicable obligations for Variable Energy Resources under the CAISO Tariff and the Eligible Intermittent Resource Protocol (as such terms are defined in the CAISO Tariff) for the Facility, including providing appropriate operational data and meteorological data, and will fully cooperate with Buyer, Buyer's SC, and CAISO, in providing all data, information, and authorizations required thereunder.

4.5 Dispatch Down/Curtailment.

(a) General. Seller agrees to reduce the amount of Delivered Energy produced by the Facility, by the amount and for the period set forth in any Curtailment Order, Buyer Curtailment Order, or notice received from CAISO in respect of a Buyer Bid Curtailment; *provided*, Seller is not required to reduce such amount to the extent it is inconsistent with the limitations of the Facility.

(b) Buyer Curtailment. Buyer shall have the right to order Seller to curtail deliveries of Energy through Buyer Curtailment Orders, provided that Buyer shall pay Seller for all Deemed Delivered Energy associated with a Buyer Curtailment Period at the Renewable Rate and, if applicable, the PTC Amount, in accordance with Exhibit C.

CONFIDENTIAL
EXECUTION VERSION

(c) Failure to Comply. If Seller fails to comply with a Buyer Curtailment Order, Buyer Bid Curtailment or Curtailment Order, then, for each MWh of Delivered Energy that is delivered by the Facility to the Delivery Point in contradiction to the Buyer Curtailment Order, Buyer Bid Curtailment or Curtailment Order, Seller shall pay Buyer for each such MWh at an amount equal to the sum of (A) + (B) + (C), where: (A) is the amount, if any, paid to Seller by Buyer for delivery of such excess MWh and, (B) is the sum, for all Settlement Intervals with a Negative LMP during the Buyer Curtailment Period or Curtailment Period, of the absolute value of the product of such excess MWh in each Settlement Interval and the Negative LMP for such Settlement Interval, and (C) is any penalties assessed by the CAISO or other charges assessed by the CAISO resulting from Seller's failure to comply with the Buyer Curtailment Order, Buyer Bid Curtailment or Curtailment Order.

(d) Seller Equipment Required for Operating Instruction Communications. Seller shall acquire, install, and maintain such facilities, communications links and other equipment, and implement such protocols and practices, as necessary to respond and follow instructions, including an electronic signal conveying real time and intra-day instructions, to operate the Facility as directed by the Buyer in accordance with this Agreement or a Governmental Authority, including to implement a Buyer Curtailment Order, Buyer Bid Curtailment or Curtailment Order in accordance with the then-current methodology used to transmit such instructions as it may change from time to time. If at any time during the Delivery Term Seller's facilities, communications links or other equipment, protocols or practices are not in compliance with then-current methodologies, Seller shall take the steps necessary to become compliant as soon as reasonably possible. Seller shall be liable pursuant to Section 4.5(c) for failure to comply with a Buyer Curtailment Order, Buyer Bid Curtailment or Curtailment Order, during the time that Seller's facilities, communications links or other equipment, protocols or practices are not in compliance with then-current methodologies. For the avoidance of doubt, a Buyer Curtailment Order, Buyer Bid Curtailment or Curtailment Order communication via such systems and facilities shall have the same force and effect on Seller as any other form of communication. The Parties shall cooperate in good faith to agree upon a Communications Protocol for the Facility at least thirty (30) days prior to the earlier of the Guaranteed Commercial Operation Date or the Expected Commercial Operation Date. Upon request of a Party during the Delivery Term, the Parties shall cooperate in good faith to agree on reasonable changes to the Communications Protocol.

4.6 Outages.

(a) Planned Outages.

(i) No later than January 15, April 15, July 15 and October 15 of each Contract Year, and at least sixty (60) days prior to the Commercial Operation Date, Seller shall submit to Buyer Seller's non-binding schedule of proposed Planned Outages ("**Outage Schedule**") for the following twelve (12)-month period in a form reasonably agreed to by Buyer. Within twenty (20) Business Days after its receipt of an Outage Schedule, Buyer shall give Notice to Seller of any reasonable request for changes to the Outage Schedule, and Seller shall, consistent with Prudent Operating Practices, accommodate Buyer's requests regarding the timing of any Planned Outage. Seller shall deliver to Buyer the final Outage Schedule no later than ten (10) days after receiving Buyer's comments.

CONFIDENTIAL
EXECUTION VERSION

(ii) If reasonably required in accordance with Prudent Operating Practices, Seller shall have the right, on no less than [REDACTED] advance Notice to Buyer, to propose changes to the Outage Schedule developed pursuant to Section 4.12(a)(i); *provided*, Seller shall schedule all Planned Outages within the time period determined by the CAISO to qualify for an “Approved Maintenance Outage” under the CAISO Tariff and Seller shall reimburse Buyer for any cost Buyer incurs in connection therewith. Buyer may provide comments no later than ten (10) days after receiving Seller’s Notice of proposed changes to the Outage Schedule and shall permit any changes if doing so would not have a material adverse impact on Buyer and Seller agrees to reimburse Buyer for any costs or charges associated with such changes.

(b) During the five-month period from June 1 to October 31 during the Delivery Term, Seller shall not schedule any non-emergency maintenance that reduces the energy generation capability of the Facility, unless (i) such outage is required to avoid an emergency or damage to the Facility or its Interconnection Facilities, [REDACTED]

[REDACTED] (iii) such outage is in connection with Force Majeure events, (iv) such outage is required by Law, or the requirements of CAISO or the Distribution Provider and/or each other applicable Governmental Authority, or (v) the Parties agree otherwise in writing.

(c) Planned Outage Timing. To the extent commercially reasonable, Seller shall schedule maintenance outages (i) within a single month, rather than across multiple months, (ii) during periods in which CAISO does not require resource substitution or replacement, and (iii) otherwise in a manner to avoid reductions in the Resource Adequacy Benefits available from the Facility to Buyer.

(d) Notice of Unplanned Outages. Seller shall notify Buyer by telephoning Buyer’s Scheduling Coordinator no later than ten (10) minutes following the occurrence of an Unplanned Outage, or if Seller has knowledge that an Unplanned Outage will occur, within twenty (20) minutes of determining that such Unplanned Outage will occur. Seller shall relay outage information to Buyer as required by the CAISO Tariff within twenty (20) minutes of the Unplanned Outage. Seller shall communicate to Buyer the estimated time of return of the Facility as soon as practical after Seller has knowledge thereof.

(e) Inspection. In the event of an Unplanned Outage, Buyer shall have the option to inspect the Facility and all records relating thereto on any Business Day and at a reasonable time and Seller shall reasonably cooperate with Buyer during any such inspection. Buyer shall comply with Seller’s safety and security rules and instructions during any inspection and shall not interfere with work on or operation of the Facility.

(f) Reports of Outages. Seller shall promptly prepare and provide to Buyer, all reports of Unplanned Outages or Planned Outages that Buyer may reasonably require for the purpose of enabling Buyer to comply with CAISO requirements or any applicable Laws. Seller shall also report all Unplanned Outages or Planned Outages in the Daily Operating Report.

4.7 Guaranteed Energy Production. During each Performance Measurement Period, Seller shall deliver to Buyer an amount of Adjusted Energy Production, not including any Excess

CONFIDENTIAL
EXECUTION VERSION

MWh, equal to no less than the Guaranteed Energy Production. If Seller fails to achieve the Guaranteed Energy Production amount in any Performance Measurement Period, Seller shall pay Buyer damages calculated in accordance with Exhibit G (“**GEP Damages**”); *provided*, with the prior consent of Buyer, Seller may provide Replacement Product (as defined in Exhibit G) delivered to Buyer at SP 15 EZ Gen Hub under a Day-Ahead Schedule as an IST within ninety (90) days after the conclusion of the applicable Performance Measurement Period (i) upon a schedule reasonably acceptable to Buyer, (ii) provided that such deliveries do not impose additional costs upon Buyer for which Seller refuses to provide reimbursement, and (iii) not to exceed XX percent (XX%) of the Expected Energy for the previous Contract Year.

4.8 WREGIS. Seller shall, at its sole expense, take all actions and execute all documents or instruments necessary to ensure that all WREGIS Certificates associated with all Renewable Energy Credits corresponding to all Delivered Energy, as applicable, are issued and tracked for purposes of satisfying the requirements of the California Renewables Portfolio Standard and transferred in a timely manner to Buyer for Buyer’s sole benefit. Seller shall transfer the Renewable Energy Credits to Buyer. Seller shall comply with all Laws, including the WREGIS Operating Rules, regarding the certification and transfer of such WREGIS Certificates to Buyer and Buyer shall be given sole title to all such WREGIS Certificates.

(a) Prior to the Commercial Operation Date, Seller shall register the Facility with WREGIS and establish an account with WREGIS (“**Seller’s WREGIS Account**”), which Seller shall maintain until the end of the Delivery Term. Seller shall transfer the WREGIS Certificates using “**Recurring Certificate Transfers**” (as described in the WREGIS Operating Rules) from Seller’s WREGIS Account to the WREGIS account(s) of Buyer or the account(s) of a designee that Buyer identifies by Notice to Seller (“**Buyer’s WREGIS Account**”). Seller shall be responsible for all expenses associated with registering the Facility with WREGIS, establishing and maintaining Seller’s WREGIS Account, paying WREGIS Certificate issuance and transfer fees, and transferring WREGIS Certificates from Seller’s WREGIS Account to Buyer’s WREGIS Account.

(b) Seller shall cause Recurring Certificate Transfers to occur on a monthly basis in accordance with the certification procedure established by the WREGIS Operating Rules. Since WREGIS Certificates will only be created for whole MWh amounts of Delivered Energy generated, any fractional MWh amounts (i.e., kWh) will be carried forward until sufficient generation is accumulated for the creation of a WREGIS Certificate.

(c) Seller shall, at its sole expense, ensure that the WREGIS Certificates for a given calendar month correspond with the Delivered Energy, for such calendar month as evidenced by the Facility’s metered data.

(d) Due to the ninety (90) day delay in the creation of WREGIS Certificates relative to the timing of invoice payment under Section 8.2, Buyer shall make an invoice payment for a given month in accordance with Section 8.2 before the WREGIS Certificates for such month are formally transferred to Buyer in accordance with the WREGIS Operating Rules and this Section 4.8. Notwithstanding this delay, Buyer shall have all right and title to all such WREGIS Certificates upon payment to Seller in accordance with Section 8.2.

CONFIDENTIAL
EXECUTION VERSION

(e) A “**WREGIS Certificate Deficit**” means any deficit or shortfall in WREGIS Certificates delivered to Buyer for a calendar month as compared to the Delivered Energy for the same calendar month (“**Deficient Month**”) caused by an error or omission of Seller. If any WREGIS Certificate Deficit is caused, or the result of any action or inaction by Seller, then the amount of Delivered Energy in the Deficient Month shall be reduced by the amount of the WREGIS Certificate Deficit for purposes of calculating Buyer’s payment to Seller under Article 8 and damages, if any, under Exhibit G for the applicable Contract Year; *provided, however*, that such adjustment shall not apply to the extent that Seller (x) resolves the WREGIS Certificate Deficit within ninety (90) days after the Deficient Month or (y) provides Replacement Green Attributes within ninety (90) days after the Deficient Month (i) upon a schedule reasonably acceptable to Buyer and (ii) provided that such deliveries do not impose additional costs upon Buyer for which Seller refuses to provide reimbursement. Without limiting Seller’s obligations under this Section 4.10, if a WREGIS Certificate Deficit is caused solely by an error or omission of WREGIS, the Parties shall cooperate in good faith to cause WREGIS to correct its error or omission.

(f) If (i) WREGIS changes the WREGIS Operating Rules after the Effective Date or applies the WREGIS Operating Rules in a manner inconsistent with this Section 4.8 after the Effective Date, or (ii) the CEC modifies its *RPS Eligibility Guidebook* to enable the full amount of Delivered Energy to generate WREGIS Certificates, the Parties promptly shall modify this Section 4.8 as reasonably required to cause and enable Seller to transfer to Buyer’s WREGIS Account a quantity of WREGIS Certificates for each given calendar month that corresponds to the maximum quantity of WREGIS Certificates that can be transferred to Buyer from the Facility in the same calendar month.

ARTICLE 5
TAXES

5.1 Allocation of Taxes and Charges. Seller shall pay or cause to be paid all Taxes on or with respect to the Facility or on or with respect to the sale and making available of Product to Buyer, that are imposed on Product prior to its delivery to Buyer at the time and place contemplated under this Agreement. Buyer shall pay or cause to be paid all Taxes on or with respect to the delivery to and purchase by Buyer of Product that are imposed on Product at and after its delivery to Buyer at the time and place contemplated under this Agreement (other than withholding or other Taxes imposed on Seller’s income, revenue, receipts or employees), if any. If a Party is required to remit or pay Taxes that are the other Party’s responsibility hereunder, such Party shall promptly pay the Taxes due and then seek and receive reimbursement from the other for such Taxes.

5.2 Cooperation. Each Party shall use reasonable efforts to implement the provisions of and administer this Agreement in accordance with the intent of the Parties to minimize all Taxes, so long as no Party is materially adversely affected by such efforts. The Parties shall cooperate to minimize Tax exposure; *provided, however*, that neither Party shall be obligated to incur any financial or operational burden to reduce Taxes for which the other Party is responsible hereunder without receiving due compensation therefor from the other Party. All Product delivered by Seller to Buyer hereunder shall be a sale made at wholesale, with Buyer reselling such Product.

**ARTICLE 6
OPERATION AND MAINTENANCE OF THE FACILITY**

6.1 Operation and Maintenance of the Facility.

(a) Seller shall comply with Law and Prudent Operating Practice and be solely responsible for the operation, inspection, maintenance and repair of the Facility, and any portion thereof, the generation and sale of Product, all Environmental Costs and the disposal and recycling of any equipment associated with the Facility, including batteries and solar panels in accordance with applicable Law and Prudent Operating Practices. Seller shall maintain and deliver maintenance and repair records of the Facility to Buyer's scheduling representative upon request.

(b) Seller shall promptly make all necessary repairs to the Facility and the Facility, and any portion thereof, and take all actions necessary in order to provide the Product to Buyer in accordance with the terms of this Agreement.

(c) During the Delivery Term, Seller shall maintain SCADA Systems, communications links, and other equipment necessary to receive automated Dispatch Notices consistent with CAISO protocols and practice ("**Automated Dispatches**"). In the event of the failure or inability of the Facility to receive Automated Dispatches, Seller shall use all commercially reasonable efforts to repair or replace the applicable components as soon as reasonably possible, and if there is any material delay in such repair or replacement, Seller shall provide Buyer with a written plan of all actions Seller plans to take to repair or replace such components for Buyer's review and comment.

(d) Seller shall maintain a daily operations log for the Facility which shall include but not be limited to information on Energy electricity consumption and efficiency (if applicable), availability, outages, changes in operating status, inspections and any other significant events related to the operation of the Facility. Information maintained pursuant to this Section 6.1(c) shall be provided to Buyer within fifteen (15) days of Buyer's request.

(e) Seller shall maintain and make available to Buyer records, including logbooks, demonstrating that the Facility is operated in accordance with Prudent Operating Practices. Seller shall comply with all reporting requirements and permit on-site audits, investigations, tests and inspections permitted or required under any Prudent Operating Practices.

6.2 Maintenance of Health and Safety. Seller shall take reasonable safety precautions with respect to the operation, maintenance, repair and replacement of the Facility. If Seller becomes aware of any circumstances relating to the Facility that create an imminent risk of damage or injury to any Person or any Person's property, Seller shall take prompt action to prevent such damage or injury and shall give Notice to Buyer's emergency contact identified on Exhibit N of such condition. Such action may include, to the extent reasonably necessary, disconnecting and removing all or a portion of the Facility, or suspending the supply of Energy to the Delivery Point.

**CONFIDENTIAL
EXECUTION VERSION**

6.3 Shared Facilities. The Parties acknowledge and agree that certain of the Shared Facilities and Interconnection Facilities, and Seller's rights and obligations under the Interconnection Agreement, may be subject to certain shared facilities and/or co-tenancy agreements to be entered into among Seller, the Distribution Provider, Seller's Affiliates, and/or third parties. Seller agrees that any agreements regarding Shared Facilities (a) shall permit Seller to perform or satisfy, and shall not purport to limit, Seller's obligations hereunder, including providing interconnection capacity for the Facility's sole use in an amount not less than the Dedicated Interconnection Capacity, (b) shall provide for separate metering and a separate CAISO Resource ID for the Facility, (c) shall provide that any other generating or energy storage facilities not included in the Facility but using Shared Facilities shall not be included within the Facility's CAISO Resource IDs; and (d) shall provide that any curtailment of the full capacity of Shared Facilities that is ordered by Distribution Provider that Seller and its Affiliates have discretion to allocate across generating or energy storage facilities using the Shared Facilities shall not be allocated to the Facility more than its pro rata portion of the total capacity of all generating or energy storage facilities using the Shared Facilities. Seller shall not, and shall not permit any Affiliate to, allocate to other parties a share of the total interconnection capacity under the Interconnection Agreement in excess of an amount equal to the total interconnection capacity under the Interconnection Agreement minus the Dedicated Interconnection Capacity.

**ARTICLE 7
METERING**

7.1 Metering. Seller shall measure the amount of Delivered Energy using the Facility Meter. All meters will be operated pursuant to applicable CAISO-approved calculation methodologies and maintained at Seller's cost. All Facility Meters will be programmed, operated and maintained pursuant to the applicable CAISO-approved SQMD Plan for the Facility at Seller's cost (including, for avoidance of doubt, reimbursement to Buyer of reasonable and customary costs owed by Buyer to its Scheduling Coordinator for submitting SQMD Plan meter data to the CAISO), throughout the period to which the SQMD Plan applies. Seller shall provide to Buyer a copy of any CAISO-approved SQMD Plan and any modifications thereto and notice of any termination or withdrawal thereof. Subject to meeting any applicable CAISO requirements, the Facility Meter shall be programmed to adjust for Electrical Losses and Station Use, as applicable, from such meters to the Delivery Point in a manner subject to Buyer's prior written approval, not to be unreasonably withheld. Seller shall separately meter all Station Use. Metering shall be consistent with the Metering Diagram set forth as Exhibit O, a final version of which shall be provided to Buyer at least thirty (30) days before the Commercial Operation Date. Each Facility Meter shall be kept under seal, such seals to be broken only when the meters are to be tested, adjusted, modified or relocated. In the event Seller breaks a seal, Seller shall notify Buyer as soon as practicable. In addition, Seller hereby agrees to provide all meter data to Buyer in a form reasonably acceptable to Buyer, and consents to Buyer obtaining from CAISO the CAISO meter data directly relating to the Facility and all inspection, testing and calibration data and reports, to the extent such meter data and related meters are not the subject of a CAISO-approved SQMD Plan for the Facility. Seller and Buyer, or Buyer's Scheduling Coordinator, shall cooperate to allow both Parties to retrieve the meter reads from the CAISO Market Results Interface – Settlements (MRI-S) website (or its successor) or directly from the CAISO meter(s)

CONFIDENTIAL
EXECUTION VERSION

at the Facility, to the extent such meter data and related meters are not the subject of a CAISO-approved SQMD Plan for the Facility.

7.2 Meter Verification. Seller shall test the Facility Meter at least annually and more frequently than annually if Buyer or Seller reasonably believe there may be a meter malfunction. The tests shall be conducted by independent third parties qualified to conduct such tests. Buyer shall be notified seven (7) days in advance of such tests and have a right to be present during such tests. If a meter is inaccurate, it shall be promptly repaired or replaced. If a meter is inaccurate by more than one percent (1%) and it is not known when the meter inaccuracy commenced (if such evidence exists such date will be used to adjust prior invoices), then the invoices covering the period of time since the last meter test shall be adjusted for the amount of the inaccuracy on the assumption that the inaccuracy persisted during one-half of such period so long as such adjustments are accepted by CAISO and WREGIS; *provided*, such period may not exceed twelve (12) months.

ARTICLE 8
INVOICING AND PAYMENT; CREDIT

8.1 Invoicing. Seller shall use commercially reasonable efforts to deliver an invoice to Buyer within ten (10) days after the end of the prior monthly delivery period. Each invoice shall (a) include records of metered data, including (i) CAISO metering and transaction data sufficient to document and verify the amount of Product delivered by the Facility for any Settlement Period during the preceding month, including the amount of Delivered Energy ; (ii) Seller's calculation of Deemed Delivered Energy, Lost Output, and Adjusted Energy Production; (iii) the LMP prices at the Delivery Point for each Settlement Period; and (iv) the Contract Price applicable to such Product and Seller's calculation of the Monthly Product Payment due from Buyer, calculated in accordance with Exhibit C; (b) include any records, including invoices or settlement data from the CAISO, necessary to verify the accuracy of any amount; and (c) be in a format reasonably specified by Buyer, covering the services provided in the preceding month determined in accordance with the applicable provisions of this Agreement. Buyer shall, and shall cause its Scheduling Coordinator to, provide Seller with all reasonable access (including, in real time, to the maximum extent reasonably possible) to any records, including invoices or settlement data from the CAISO, forecast data and other information, all as may be necessary from time to time for Seller to prepare and verify the accuracy of all invoices. The invoice shall be delivered by electronic mail in accordance with Exhibit N.

8.2 Payment. Buyer shall make payment to Seller for Monthly Product Payments by wire transfer or ACH payment to the bank account provided on each monthly invoice. Buyer shall pay undisputed invoice amounts within [REDACTED] of Buyer's receipt of Seller's invoices; *provided*, if such due date falls on a weekend or legal holiday, such due date shall be the next Business Day. Payments made after the due date will be considered late and will bear interest on the unpaid balance. If the amount due is not paid on or before the due date or if any other payment that is due and owing from one Party to another is not paid on or before its applicable due date, a late payment charge shall be applied to the unpaid balance and shall be added to the next billing statement. Such late payment charge shall be calculated based on the 3-month prime rate (or any equivalent successor rate accepted by a majority of major financial institutions) published on the date of the invoice in The Wall Street Journal (or, if The Wall Street Journal is not published on

CONFIDENTIAL
EXECUTION VERSION

that day, the next succeeding date of publication), plus two percent (2%) (the “**Interest Rate**”). If the due date occurs on a day that is not a Business Day, the late payment charge shall begin to accrue on the next succeeding Business Day.

8.3 Books and Records. To facilitate payment and verification, each Party shall maintain all books and records necessary for billing and payments, including copies of all invoices under this Agreement, for a period of at least five (5) years or as otherwise required by Law. Upon ten (10) Business Days’ Notice to the other Party, either Party shall be granted access to the accounting books and records within the possession or control of the other Party pertaining to all invoices generated pursuant to this Agreement. Seller acknowledges that in accordance with California Government Code Section 8546.7, Seller may be subject to audit by the California State Auditor with regard to Seller’s performance of this Agreement because the compensation under this Agreement exceeds Ten Thousand Dollars (\$10,000).

8.4 Invoice Adjustments. Invoice adjustments shall be made if (a) there have been good faith inaccuracies in invoicing or payment that are not otherwise disputed under Section 8.5, (b) an adjustment to an amount previously invoiced or paid is required due to a correction of data by the CAISO, or (c) there have been meter inaccuracies; provided, however, that there shall be no adjustments to prior invoices based upon meter inaccuracies except to the extent that such meter adjustments are accepted by CAISO for revenue purposes. If the required adjustment is in favor of Buyer, Buyer’s next monthly payment shall be credited in an amount equal to the adjustment. If the required adjustment is in favor of Seller, Seller shall add the adjustment amount to Buyer’s next monthly invoice. Adjustments in favor of either Buyer or Seller shall bear interest, until settled in full, in accordance with Section 8.2, accruing from the date on which the adjusted amount should have been due.

8.5 Billing Disputes. A Party may, in good faith, dispute the correctness of any invoice or any adjustment to an invoice rendered under this Agreement or adjust any invoice for any arithmetic or computational error within twelve (12) months of the date the invoice, or adjustment to an invoice, was rendered. In the event an invoice or portion thereof, or any other claim or adjustment arising hereunder, is disputed, payment of the undisputed portion of the invoice shall be required to be made when due. Any invoice dispute or invoice adjustment shall be in writing and shall state the basis for the dispute or adjustment. Payment of the disputed amount shall not be required until the dispute is resolved. Upon resolution of the dispute, any required payment shall be made within five (5) Business Days of such resolution along with interest accrued at the Interest Rate from and including the original due date to but excluding the date paid. Inadvertent overpayments shall be returned via adjustments in accordance with Section 8.4. Any dispute with respect to an invoice is waived if the other Party is not notified in accordance with this Section 8.5 within twelve (12) months after the invoice is rendered or subsequently adjusted, except to the extent any misinformation was from a third party not affiliated with any Party and such third party corrects its information after the twelve-month period. If an invoice is not rendered within twelve (12) months after the close of the month during which performance occurred, the right to payment for such performance is waived.

8.6 Netting of Payments. The Parties hereby agree that they shall discharge mutual debts and payment obligations due and owing to each other on the same date through netting, in which case all amounts owed by each Party to the other Party for the purchase and sale of Product

CONFIDENTIAL
EXECUTION VERSION

during the monthly billing period under this Agreement or otherwise arising out of this Agreement, including any related damages calculated pursuant to Exhibits B and G, interest, and payments or credits, shall be netted so that only the excess amount remaining due shall be paid by the Party who owes it.

8.7 Seller's Development Security. To secure its obligations under this Agreement, Seller shall deliver Development Security to Buyer within thirty (30) days of the Effective Date. Seller shall maintain the Development Security in full force and effect and Seller shall within ten (10) Business Days after any draw thereon replenish the Development Security in the event Buyer collects or draws down any portion of the Development Security for any reason permitted under this Agreement other than to satisfy a Damage Payment or a Termination Payment. Upon the earlier of (a) Seller's delivery of the Performance Security, or (b) sixty (60) days after termination of this Agreement, Buyer shall return the Development Security to Seller, less the amounts drawn in accordance with this Agreement. If the Development Security is a Letter of Credit and the issuer of such Letter of Credit (i) fails to maintain the minimum Credit Rating specified in the definition of Letter of Credit, (ii) indicates its intent not to renew such Letter of Credit and such Letter of Credit expires prior to the Commercial Operation Date, or (iii) fails to honor Buyer's properly documented request to draw on such Letter of Credit by such issuer, Seller shall have ten (10) Business Days to either post cash or deliver a substitute Letter of Credit that meets the requirements set forth in the definition of Development Security; *provided, however*, if Seller has failed to provide Beneficiary with a substitute Letter of Credit or other acceptable instrument within thirty (30) days prior to such expiration date, Buyer shall have the right to draw on the full amount of the Letter of Credit.

8.8 Seller's Performance Security. To secure its obligations under this Agreement, Seller shall deliver Performance Security to Buyer on or before the Commercial Operation Date. Seller shall maintain the Performance Security in full force and effect, and Seller shall within [REDACTED] [REDACTED] after any draw thereon replenish the Performance Security in the event Buyer collects or draws down any portion of the Performance Security for any reason permitted under this Agreement other than to satisfy a Termination Payment, until the following have occurred: (a) the Delivery Term has expired or terminated early; and (b) all payment obligations of Seller then due and payable under this Agreement, including compensation for penalties, Termination Payment, indemnification payments or other damages are paid in full (whether directly or indirectly such as through set-off or netting). Following the occurrence of both events, Buyer shall promptly return to Seller the unused portion of the Performance Security. If the Performance Security is a Letter of Credit and the issuer of such Letter of Credit (i) fails to maintain the minimum Credit Rating set forth in the definition of Letter of Credit, (ii) indicates its intent not to renew such Letter of Credit and such Letter of Credit expires prior to the Commercial Operation Date, or (iii) fails to honor Buyer's properly documented request to draw on such Letter of Credit by such issuer, Seller shall have ten (10) Business Days to either post cash or deliver a substitute Letter of Credit that meets the requirements set forth in the definition of Performance Security; *provided, however*, if Seller has failed to provide Beneficiary with a substitute Letter of Credit or other acceptable instrument within thirty (30) days prior to such expiration date, Buyer shall have the right to draw on the full amount of the Letter of Credit.

8.9 First Priority Security Interest in Cash or Cash Equivalent Collateral. To secure its obligations under this Agreement, and until released as provided herein, Seller hereby

**CONFIDENTIAL

grants to Buyer a present and continuing first-priority security interest (“**Security Interest**”) in, and lien on (and right to net against), and assignment of the Development Security, Performance Security, any other cash collateral and cash equivalent collateral posted pursuant to Sections 8.7 and 8.8 and any and all interest thereon or proceeds resulting therefrom or from the liquidation thereof, whether now or hereafter held by, on behalf of, or for the benefit of Buyer, and Seller agrees to take all action as Buyer reasonably requires in order to perfect Buyer’s Security Interest in, and lien on (and right to net against), such collateral and any and all proceeds resulting therefrom or from the liquidation thereof.

Upon or any time after the occurrence of an Event of Default caused by Seller, an Early Termination Date resulting from an Event of Default caused by Seller, or an occasion provided for in this Agreement where Buyer is authorized to retain all or a portion of the Development Security or Performance Security, Buyer may do any one or more of the following (in each case subject to the final sentence of this Section 8.9):

- (a) Exercise any of its rights and remedies with respect to the Development Security and Performance Security, including any such rights and remedies under Law then in effect;
- (b) Draw on any outstanding Letter of Credit issued for its benefit and retain any cash held by Buyer as Development Security or Performance Security; and
- (c) Liquidate all Development Security or Performance Security (as applicable) then held by or for the benefit of Buyer free from any claim or right of any nature whatsoever of Seller, including any equity or right of purchase or redemption by Seller.

Buyer shall apply the proceeds of the collateral realized upon the exercise of any such rights or remedies to reduce Seller’s obligations under this Agreement (Seller remains liable for any amounts owing to Buyer after such application), subject to Buyer’s obligation to return any surplus proceeds remaining after these obligations are satisfied in full.

Notwithstanding the foregoing, invoices sent pursuant to Section 8.1 and Notices of outages or other scheduling or dispatch information or requests may be sent by electronic communication and shall be considered delivered upon successful completion of such transmission.

ARTICLE 10
FORCE MAJEURE

10.1 Definition.

(a) **“Force Majeure Event”** means any act or event that delays or prevents a Party from timely performing all or a portion of its obligations under this Agreement or from complying with all or a portion of the conditions under this Agreement if such act or event, despite the exercise of commercially reasonable efforts, cannot be avoided by and is beyond the reasonable control (whether direct or indirect) of and without the fault or negligence of the Party relying thereon as justification for such delay, nonperformance, or noncompliance.

(b) Without limiting the generality of the foregoing, so long as the following events, despite the exercise of reasonable efforts, cannot be avoided by, and are beyond the reasonable control (whether direct or indirect) of and without the fault or negligence of the Party relying thereon as justification for such delay, nonperformance or noncompliance, a Force Majeure Event of the type described in the foregoing clause may include an act of God or the elements, such as flooding, lightning, hail, hurricanes, tornadoes, or ice storms; explosion; fire; volcanic eruption; flood; epidemic (including the COVID-19 epidemic); pandemics; landslide; mudslide; sabotage; terrorism; earthquake; or other cataclysmic events; an act of public enemy; war; blockade; civil insurrection; riot; civil disturbance; or strikes or other labor difficulties caused or suffered by a Party or any third party except as set forth below.

(c) Notwithstanding the foregoing, **“Force Majeure Event”** of the type described in the foregoing paragraph does not include (i) economic conditions or changes in Law that render a Party’s performance of this Agreement at the Contract Price unprofitable or otherwise uneconomic (including an increase in component or compliance costs for any reason, including foreign or domestic tariffs, Buyer’s ability to buy Product at a lower price, or Seller’s ability to sell the Product, or any component thereof, at a higher price, than under this Agreement); (ii) Seller’s inability to obtain permits or approvals of any type for the construction, operation, or maintenance of the Facility, except to the extent such inability is caused by a Force Majeure Event; (iii) the inability of a Party to make payments when due under this Agreement, unless the cause of such inability is an event that would otherwise constitute a Force Majeure Event as described above; (iv) a Curtailment Order, except to the extent such inability is caused by a Force Majeure

Event; (v) Seller's inability to obtain sufficient labor, equipment, materials, or other resources to build or operate the Facility, including the lack of wind, sun or other fuel source of an inherently intermittent nature, except to the extent such inability is caused by a Force Majeure Event; (vi) any equipment failure except if such equipment failure is caused by a Force Majeure Event; (vii) a strike, work stoppage or labor dispute limited only to any one or more of Seller, Seller's Affiliates, Seller's contractors, their subcontractors thereof or any other third party employed by Seller to work on the Facility; (viii) events otherwise constituting a Force Majeure Event that prevents Seller from achieving Construction Start or Commercial Operation of the Facility, except to the extent expressly permitted as a Development Cure Period under this Agreement; or (ix) any action or inaction by any third party, including Distribution Provider, that delays or prevents the approval, construction or placement in service of any Interconnection Facilities or Reliability Network Upgrades, except to the extent expressly permitted as a Development Cure Period under this Agreement.

10.2 No Liability If a Force Majeure Event Occurs. Except as provided in Section 4 of Exhibit B, neither Seller nor Buyer shall be liable to the other Party in the event it is prevented from performing its obligations hereunder in whole or in part due to a Force Majeure Event. The Party rendered unable to fulfill any obligation by reason of a Force Majeure Event shall take reasonable actions necessary to remove such inability with due speed and diligence. Nothing herein shall be construed as permitting that Party to continue to fail to perform after said cause has been removed. The obligation to use due speed and diligence shall not be interpreted to require resolution of labor disputes by acceding to demands of the opposition when such course is inadvisable in the discretion of the Party having such difficulty. Neither Party shall be considered in breach or default of this Agreement if and to the extent that any failure or delay in the Party's performance of one or more of its obligations hereunder is caused by a Force Majeure Event. Notwithstanding the foregoing, the occurrence and continuation of a Force Majeure Event shall not (a) suspend or excuse the obligation of Seller to achieve the Guaranteed Commercial Operation Date beyond the extensions provided in Section 4 of Exhibit B, or (b) limit Buyer's right to declare an Event of Default pursuant to Section 11.1(b)(ii) after all applicable extensions of the Guaranteed Commercial Operation Date and receive a Damage Payment upon exercise of Buyer's remedies pursuant to Section 11.2.

10.3 Notice of Force Majeure Event. Within [REDACTED] of the impact of a Force Majeure Event, the claiming Party shall provide the other Party with oral notice of the Force Majeure Event, and within two (2) weeks of the commencement of a Force Majeure Event the claiming Party shall provide the other Party with notice in the form of a letter describing in detail the occurrence giving rise to the Force Majeure Event, including the nature, cause, estimated date of commencement thereof, and the anticipated extent of any delay or interruption in performance. Failure to provide timely notice constitutes a waiver of the Force Majeure Event claim. Upon written request from Buyer, Seller shall provide documentation demonstrating to Buyer's reasonable satisfaction that each day of the claimed delay was the result of a Force Majeure Event and did not result from Seller's actions or failure to exercise due diligence or take reasonable actions. The claiming party shall promptly notify the other Party in writing of the cessation or termination of such Force Majeure Event, all as known or estimated in good faith by the affected Party. The suspension of performance due to a claim of Force Majeure must be of no greater scope and of no longer duration than is required by the Force Majeure Event.

CONFIDENTIAL
EXECUTION VERSION

10.4 Termination Following Force Majeure Event. If a Force Majeure Event has occurred after the Commercial Operation Date that has caused either Party to be wholly or partially unable to perform its obligations hereunder, and the impacted Party has claimed and received relief from performance of its obligations for a consecutive twelve (12) month period, then the non-claiming Party may terminate this Agreement upon Notice to the other Party. Upon any such termination, neither Party shall have any further liability to the other Party, save and except for those obligations specified in Section 2.1(b), and Buyer shall promptly return to Seller any Performance Security then held by Buyer, less any amounts drawn in accordance with this Agreement.

ARTICLE 11
DEFAULTS; REMEDIES; TERMINATION

11.1 Events of Default. An “**Event of Default**” shall mean,

(a) with respect to a Party (the “**Defaulting Party**”) that is subject to the Event of Default, the occurrence of any of the following (subject to any applicable cure periods):

(i) the failure by such Party to make, when due, any payment required pursuant to this Agreement and such failure is not remedied within ten (10) Business Days after Notice thereof;

(ii) any representation or warranty made by such Party herein is false or misleading in any material respect when made or when deemed made or repeated, and such default is not remedied within thirty (30) days after Notice thereof (or such longer additional period, not to exceed an additional sixty (60) days, if the Defaulting Party is unable to remedy such default within such initial thirty (30)-day period despite exercising commercially reasonable efforts);

(iii) the failure by such Party to perform any material covenant or obligation set forth in this Agreement (except to the extent constituting a separate Event of Default set forth in this Section 11.1; and except for (A) failures related to the Adjusted Energy Production that do not trigger the provisions of Section 11.1(b)(vi), (vii), and (viii), the exclusive remedies for which are set forth in Section 4.9 and Exhibit G and such failure is not remedied within thirty (30) days after Notice thereof (or such longer additional period, not to exceed an additional ninety (90) days, if the Defaulting Party is unable to remedy such default within such initial thirty (30) day period despite exercising best efforts);

(iv) such Party becomes Bankrupt;

(v) such Party assigns this Agreement or any of its rights hereunder other than in compliance with Article 14, if applicable; or

(vi) such Party consolidates or amalgamates with, or merges with or into, or transfers all or substantially all of its assets to, another entity and, at the time of such consolidation, amalgamation, merger or transfer, the resulting, surviving or transferee entity fails to assume all the obligations of such Party under this Agreement to which it or its predecessor was a party by operation of Law or pursuant to an agreement reasonably satisfactory to the other Party.

(b) with respect to Seller as the Defaulting Party, the occurrence of any of the following:

(i) if at any time, Seller delivers or attempts to deliver Energy to the Delivery Point for sale under this Agreement that was not generated or discharged by the Facility, other than Replacement Product;

(ii) the failure by Seller to achieve Commercial Operation on or before the Guaranteed Commercial Operation Date, as such date may be extended by Seller's payment of Commercial Operation Delay Damages pursuant to Section 2(c) of Exhibit B and/or a Development Cure Period pursuant to Section 4 of Exhibit B;

(iii) if not remedied within ten (10) Business Days after Notice thereof, the failure by Seller to deliver a Remedial Action Plan within the timeframe set forth in Section 2.4 that demonstrates a reasonable plan for completing the Facility by the Guaranteed Commercial Operation Date;

(iv) Seller sells, assigns, or otherwise transfers, or commits to sell, assign, or otherwise transfer, the Product, or any portion thereof, during the Delivery Term to any party other than Buyer except as expressly permitted under this Agreement;

(v) if, in any consecutive six (6) month period after the Commercial Operation Date, the Adjusted Energy Production amount (calculated in accordance with Exhibit G) for such period is not at least ten percent (10%) of the Expected Energy amount for such period, and Seller fails to (A) deliver to Buyer within ten (10) Business Days after Notice from Buyer a plan or report developed by Seller that describes the cause of the failure to meet the ten percent (10%) and the actions that Seller has taken, is taking, or proposes to take in an effort to cure such condition along with the written confirmation of a Licensed Professional Engineer that such plan or report is in accordance with Prudent Operating Practices and capable of cure within a reasonable period of time, not to exceed one-hundred eighty (180) days ("Cure Plan") and (B) complete such Cure Plan in all material respects as set forth therein, including within the timeframe set forth therein;

(vi) beginning [REDACTED] in any Contract Year, the Adjusted Energy Production amount (calculated in accordance with Exhibit G) in such Contract Year is not [REDACTED] of the Expected Energy amount for such Contract Year;

(vii) if, in any two (2) consecutive Contract Year period during the Delivery Term, the Adjusted Energy Production amount (calculated in accordance with Exhibit G) is not [REDACTED] of the Expected Energy amount for such two (2) consecutive Contract Year period;

(viii) failure by Seller to satisfy the collateral requirements pursuant to Sections 8.7 or 8.8 within five (5) Business Days after Notice from Buyer, including the failure to replenish the Development Security or Performance Security amount in accordance with this Agreement in the event Buyer draws against either for any reason other than to satisfy a Damage Payment or a Termination Payment;

CONFIDENTIAL
EXECUTION VERSION

(ix) with respect to any outstanding Letter of Credit provided for the benefit of Buyer that is not then required under this Agreement to be canceled or returned, the failure by Seller to provide for the benefit of Buyer either (1) cash or (2) a substitute Letter of Credit from a different issuer meeting the criteria set forth in the definition of Letter of Credit, in each case, in the amount required hereunder within ten (10) Business Days after Seller receives Notice of the occurrence of any of the following events:

(A) the issuer of the outstanding Letter of Credit shall fail to maintain a Credit Rating of at least A- by S&P or A3 by Moody's;

(B) the issuer of such Letter of Credit becomes Bankrupt;

(C) the issuer of the outstanding Letter of Credit shall fail to comply with or perform its obligations under such Letter of Credit and such failure shall be continuing after the lapse of any applicable grace period permitted under such Letter of Credit;

(D) the issuer of the outstanding Letter of Credit shall fail to honor a properly documented request to draw on such Letter of Credit;

(E) the issuer of the outstanding Letter of Credit shall disaffirm, disclaim, repudiate or reject, in whole or in part, or challenge the validity of, such Letter of Credit;

(F) such Letter of Credit fails or ceases to be in full force and effect at any time; or

(G) Seller shall fail to renew or cause the renewal of each outstanding Letter of Credit on a timely basis as provided in the relevant Letter of Credit and as provided in accordance with this Agreement, and in no event less than sixty (60) days prior to the expiration of the outstanding Letter of Credit.

11.2 Remedies; Declaration of Early Termination Date. If an Event of Default with respect to a Defaulting Party shall have occurred and be continuing, the other Party ("**Non-Defaulting Party**") shall have the following rights:

(a) to send Notice, designating a day, no earlier than the day such Notice is deemed to be received and no later than twenty (20) days after such Notice is deemed to be received, as an early termination date of this Agreement ("**Early Termination Date**") that terminates this Agreement (the "**Terminated Transaction**") and ends the Delivery Term effective as of the Early Termination Date;

(b) to accelerate all amounts owing between the Parties, and to collect as liquidated damages (i) the Damage Payment, or (ii) the Termination Payment, as applicable, calculated in accordance with Section 11.3 below;

(c) to withhold any payments due to the Defaulting Party under this Agreement;

CONFIDENTIAL
EXECUTION VERSION

(d) to suspend performance; and

(e) to exercise any other right or remedy available at law or in equity, including specific performance, injunctive relief, except to the extent such remedies are expressly limited under this Agreement; *provided*, payment by the Defaulting Party of the Damage Payment or Termination Payment, as applicable, shall constitute liquidated damages and the Non-Defaulting Party's sole and exclusive monetary remedy for any Terminated Transaction and the Event of Default related thereto.

11.3 Damage Payment; Termination Payment. If an Early Termination Date has been declared, the Non-Defaulting Party shall calculate, in a commercially reasonable manner, the Damage Payment or Termination Payment, as applicable, in accordance with this Section 11.3.

(a) Damage Payment Prior to Commercial Operation Date. If the Early Termination Date occurs before the Commercial Operation Date, then the Damage Payment shall be calculated in accordance with this Section 11.3(a).

(i) If Seller is the Defaulting Party, then the Damage Payment shall be owed to Buyer and shall be a dollar amount that equals the entire amount of the Development Security plus, if the Development Security is posted as cash, any interest accrued thereon. Buyer shall be entitled to immediately retain for its own benefit those funds held as Development Security and any interest accrued thereon if the Development Security is posted as cash, and any amount of Development Security that Seller has not yet posted with Buyer shall be immediately due and payable by Seller to Buyer. There will be no amounts owed to Seller. The Parties agree that Buyer's damages in the event of an Early Termination Date prior to the Commercial Operation Date caused by Seller's Event of Default would be difficult or impossible to determine and that the damages set forth in this Section 11.3(a)(i) are a reasonable approximation of Buyer's harm or loss.

(ii) If Buyer is the Defaulting Party, then a Damage Payment shall be owed to Seller and shall equal the aggregate of all Settlement Amounts plus any and all other amounts due to or from Seller (as of the Early Termination Date) netted into a single amount. There will be no amount owed to Buyer. Seller shall calculate, in a commercially reasonable manner, a Settlement Amount for the Terminated Transaction as of the Early Termination Date. Third parties supplying information for purposes of the calculation of Gains or Losses may include, without limitation, dealers in the relevant markets, end-users of the relevant product, information vendors and other sources of market information. The Settlement Amount shall not include consequential, incidental, punitive, exemplary, indirect or business interruption damages. Without prejudice to Seller's duty to mitigate, Seller shall not have to enter into replacement transactions to establish a Settlement Amount. The Parties agree that Seller's damages in the event of an Early Termination Date prior to the Commercial Operation Date caused by Buyer's default would be difficult or impossible to determine and that the damages set forth in this Section 11.3(a)(ii) are a reasonable approximation of Seller's harm or loss.

(b) Termination Payment. On or After the Commercial Operation Date. The payment owed by the Defaulting Party to the Non-Defaulting Party for a Terminated Transaction occurring after the Commercial Operation Date (**“Termination Payment”**) shall be the aggregate of all Settlement Amounts plus any and all other amounts due to or from the Non-Defaulting Party (as of the Early Termination Date) netted into a single amount. The Non-Defaulting Party shall calculate, in a commercially reasonable manner, a Settlement Amount for the Terminated Transaction as of the Early Termination Date. Third parties supplying information for purposes of the calculation of Gains or Losses may include, without limitation, dealers in the relevant markets, end-users of the relevant product, information vendors and other sources of market information. The Settlement Amount shall not include consequential, incidental, punitive, exemplary, indirect or business interruption damages. Without prejudice to the Non-Defaulting Party’s duty to mitigate, the Non-Defaulting Party shall not have to enter into replacement transactions to establish a Settlement Amount. Each Party agrees and acknowledges that (i) the actual damages that the Non-Defaulting Party would incur in connection with a Terminated Transaction would be difficult or impossible to predict with certainty, (ii) the Termination Payment described in this Section 11.3(b) is a reasonable and appropriate approximation of such damages, and (iii) the Termination Payment described in this Section 11.3(b) is the exclusive remedy of the Non-Defaulting Party in connection with a Terminated Transaction but shall not otherwise act to limit any of the Non-Defaulting Party’s rights or remedies if the Non-Defaulting Party does not elect a Terminated Transaction as its remedy for an Event of Default by the Defaulting Party.

11.4 Notice of Payment of Termination Payment or Damage Payment. As soon as practicable after a Terminated Transaction, but in no event later than sixty (60) days after the Early Termination Date (or such longer additional period, not to exceed an additional sixty (60) days, if the Non-Defaulting Party is unable, despite using commercially reasonable efforts, to calculate the Termination Payment or Damage Payment, as applicable, within such initial sixty (60)-day period despite exercising commercially reasonable efforts), Notice shall be given by the Non-Defaulting Party to the Defaulting Party of the amount of the Damage Payment or Termination Payment, as applicable, and whether the Termination Payment or Damage Payment, as applicable, is due to or from the Non-Defaulting Party. The Notice shall include a written statement explaining in reasonable detail the calculation of such amount and the sources for such calculation. The Termination Payment or Damage Payment, as applicable, shall be made to or from the Non-Defaulting Party, as applicable, within ten (10) Business Days after such Notice is effective.

11.5 Disputes With Respect to Termination Payment or Damage Payment. If the Defaulting Party disputes the Non-Defaulting Party’s calculation of the Termination Payment or Damage Payment, as applicable, in whole or in part, the Defaulting Party shall, within five (5) Business Days of receipt of the Non-Defaulting Party’s calculation of the Termination Payment or Damage Payment, as applicable, provide to the Non-Defaulting Party a detailed written explanation of the basis for such dispute. Disputes regarding the Termination Payment or Damage Payment, as applicable shall be determined in accordance with Article 15.

11.6 Limitation on Seller’s Ability to Make or Agree to Third-Party Sales from the Facility after Early Termination Date. If this Agreement is terminated by either Party prior to

EXECUTION VERSION**

the Commercial Operation Date for any reason except due to Buyer's Event of Default, neither Seller nor Seller's Affiliates may sell, market or deliver any Product associated with or attributable to the Facility to a party other than Buyer for a period of two (2) years following the Early Termination Date, unless prior to selling, marketing or delivering such Product, or entering into the agreement to sell, market or deliver such Product to a party other than Buyer, Seller or Seller's Affiliates provide Buyer with a written offer to sell the Product on terms and conditions materially similar to the terms and conditions contained in this Agreement (including price) and Buyer fails to accept such offer within forty-five (45) days of Buyer's receipt thereof. Neither Seller nor Seller's Affiliates may sell or transfer the Facility, or any part thereof, or land rights or interests in the Site (including the interconnection queue position of the Facility) so long as the limitations contained in this Section 11.6 apply, unless the transferee agrees to be bound by the terms set forth in this Section 11.6 pursuant to a written agreement approved by Buyer. Seller shall indemnify and hold Buyer harmless from all benefits lost and other damages sustained by Buyer as a result of any breach by Seller of its covenants contained within this Section 11.6.

11.7 Rights And Remedies Are Cumulative. Except where an express and exclusive remedy or measure of damages is provided, the rights and remedies of a Party pursuant to this Article 11 shall be cumulative and in addition to the rights of the Parties otherwise provided in this Agreement.

11.8 Mitigation. Any Non-Defaulting Party shall be obligated to use commercially reasonable efforts to mitigate its Costs, Losses and damages resulting from any Event of Default of the other Party under this Agreement.

12.2 Waiver and Exclusion of Other Damages. EXCEPT AS EXPRESSLY SET FORTH HEREIN, THERE IS NO WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, AND ANY AND ALL IMPLIED WARRANTIES ARE DISCLAIMED. THE PARTIES CONFIRM THAT THE EXPRESS REMEDIES AND MEASURES OF DAMAGES PROVIDED IN THIS AGREEMENT SATISFY THE ESSENTIAL PURPOSES HEREOF. ALL LIMITATIONS OF LIABILITY CONTAINED IN THIS AGREEMENT, INCLUDING, WITHOUT LIMITATION, THOSE PERTAINING TO SELLER'S LIMITATION OF LIABILITY AND THE PARTIES' WAIVER OF CONSEQUENTIAL DAMAGES, SHALL APPLY EVEN IF THE REMEDIES FOR BREACH OF WARRANTY PROVIDED IN THIS AGREEMENT ARE DEEMED TO "FAIL OF THEIR ESSENTIAL PURPOSE" OR ARE OTHERWISE HELD TO BE INVALID OR UNENFORCEABLE.

FOR BREACH OF ANY PROVISION FOR WHICH AN EXPRESS AND EXCLUSIVE REMEDY OR MEASURE OF DAMAGES IS PROVIDED, SUCH EXPRESS REMEDY OR MEASURE OF DAMAGES SHALL BE THE SOLE AND EXCLUSIVE REMEDY, THE OBLIGOR'S LIABILITY SHALL BE LIMITED AS SET FORTH IN SUCH PROVISION, AND ALL OTHER REMEDIES OR DAMAGES AT LAW OR IN EQUITY ARE WAIVED.

IF NO REMEDY OR MEASURE OF DAMAGES IS EXPRESSLY PROVIDED HEREIN, THE OBLIGOR'S LIABILITY SHALL BE LIMITED TO DIRECT DAMAGES ONLY. TO THE EXTENT ANY DAMAGES REQUIRED TO BE PAID HEREUNDER ARE LIQUIDATED, INCLUDING UNDER SECTIONS 4.7, 11.2, 11.3, 11.9 AND AS PROVIDED IN EXHIBIT B AND EXHIBIT G, THE PARTIES ACKNOWLEDGE THAT THE DAMAGES ARE DIFFICULT OR IMPOSSIBLE TO DETERMINE, THAT OTHERWISE OBTAINING AN ADEQUATE REMEDY IS INCONVENIENT, AND THAT THE LIQUIDATED DAMAGES CONSTITUTE A REASONABLE APPROXIMATION OF THE ANTICIPATED HARM OR LOSS. IT IS THE INTENT OF THE PARTIES THAT THE LIMITATIONS HEREIN IMPOSED ON REMEDIES AND THE MEASURE OF DAMAGES BE WITHOUT REGARD TO THE CAUSE OR CAUSES RELATED THERETO, INCLUDING THE NEGLIGENCE OF ANY PARTY, WHETHER SUCH NEGLIGENCE BE SOLE, JOINT OR CONCURRENT, OR ACTIVE OR PASSIVE. THE PARTIES HEREBY WAIVE ANY RIGHT TO CONTEST SUCH PAYMENTS AS AN UNREASONABLE PENALTY.

**ARTICLE 14
ASSIGNMENT**

14.1 General Prohibition on Assignments. Except as provided below in this Article 14, neither Party may assign this Agreement or its rights or obligations under this Agreement without the prior written consent of the other Party, which consent shall not be unreasonably withheld, conditioned or delayed. Any Change of Control of Seller (whether voluntary or by operation of law) will be deemed an assignment and will require the prior written consent of Buyer, which consent shall not be unreasonably withheld, conditioned or delayed; *provided*, a Change of Control of Seller shall not require Buyer’s consent and will not be subject to Section 14.2 or Section 14.3 if the assignee or transferee is a Permitted Transferee. Any assignment made without the required written consent, or in violation of the conditions to assignment set out below, shall be null and void. Buyer will have no obligation to provide any consent, or enter into any agreement, that materially and adversely affects any of Buyer’s rights, benefits, risks or obligations under this Agreement, or to modify the Agreement, except as set forth below. The assigning Party shall pay the other Party’s reasonable expenses associated with the preparation,

review, execution and delivery of documents in connection with any assignment of this Agreement by the assigning Party, including without limitation reasonable attorneys' fees.

14.2 Collateral Assignment. Subject to the provisions of this Section 14.2, Seller has the right to assign this Agreement as collateral for any financing or refinancing of the Facility. In connection with any financing or refinancing of the Facility by Seller, upon request of Seller, Buyer shall in good faith work with Seller and Lender to agree upon a consent to collateral assignment of this Agreement.

14.3 Permitted Assignment by Seller. Except as may be precluded by, or would cause Buyer to be in violation of the Political Reform Act (California Government Code Section 81000 et seq.) or the regulations thereto, California Section 1090, or any other conflict of interest Law, Seller may, without the prior written consent of Buyer, transfer or assign this Agreement directly or indirectly to an Affiliate of Seller if, and only if:

(a) Seller may, without the prior written consent of Buyer, transfer or assign this Agreement directly or indirectly to an Affiliate of Seller if, and only if:

(i) Seller has given Buyer Notice at least fifteen (15) Business Days before the date of such proposed assignment; and

(ii) Seller has provided Buyer a written agreement signed by the Affiliate to which Seller wishes to assign its interests that provides that such Affiliate will assume all of Seller's obligations and liabilities under this Agreement upon such transfer or assignment.

(b) Seller may, without the prior written consent of Buyer, transfer or assign this Agreement to any Person succeeding to all, or substantially all, of the assets of Seller (whether voluntary or by operation of law), if, and only if:

(i) The assignee is a Permitted Transferee;

(ii) Seller has given Buyer Notice at least fifteen (15) Business Days before the date of such proposed assignment; and

(iii) Seller has provided Buyer a written agreement signed by the Person to which Seller wishes to assign its interests that (x) provides that such Person will assume all of Seller's obligations and liabilities under this Agreement upon such transfer or assignment and (y) certifies that such Person meets the definition of a Permitted Transferee.

(c) Notwithstanding the foregoing, any assignment by Seller, its successors or assigns under this Section 14.3 shall be of no force and effect unless and until such Notice and agreement by the assignee have been received and confirmed by Buyer.

14.4 Portfolio Financing. Buyer agrees and acknowledges that Seller may elect to finance all or any portion of the Facility or the Interconnection Facilities or the Shared Facilities (a) utilizing tax equity investment, and/or (b) through a Portfolio Financing, which may include cross-collateralization or similar arrangements. In connection with any financing or refinancing

of the Facility, the Interconnection Facilities or the Shared Facilities by Seller or any Portfolio Financing, Buyer, Seller, Portfolio Financing Entity (if any), and Lender shall execute and deliver such further consents, approvals and acknowledgments as may be reasonable and necessary to facilitate such transactions; *provided*, Buyer shall not be required to agree to any terms or conditions which are reasonably expected to have a material adverse effect on Buyer and all reasonable attorney's fees incurred by Buyer in connection therewith shall be borne by Seller.

14.5 Permitted Assignment by Buyer. Buyer may make a limited assignment to an entity with an Investment Grade Credit Rating ("**Limited Assignee**") of Buyer's right to receive Product and Buyer's obligation to make payments to Seller, subject to execution of an assignment agreement between and among Seller, Buyer, and Limited Assignee substantially in the form set forth in Exhibit T, including that the limited assignment shall be expressly subject to Limited Assignee's timely payment of amounts due under this Agreement. Buyer may make such assignment by delivering Notice upon not less than thirty (30) days prior to such proposed assignment. Subject to the foregoing, Seller agrees to (i) comply with Limited Assignee's reasonable requests for know-your-customer and similar account opening information and documentation with respect to Seller, including but not limited to information related to forecasted generation, credit rating, and compliance with anti-money laundering rules, the Dodd-Frank Act, the Commodity Exchange Act, the Patriot Act and similar rules, regulations, requirements and corresponding policies, and (ii) promptly execute such assignment agreement and implement such assignment as contemplated thereby, subject only to the countersignature of Limited Assignee and Buyer.

14.6 Right of First Refusal as to Future Phases, Additional Projects, Addition of Storage Capacity. Seller hereby grants Buyer with the exclusive right (such right, the "**Right of First Refusal**" or "**ROFR**") to the purchase of (i) all of the output of any additional phases of the Facility and (ii) any separate renewable energy or energy storage projects that are currently under development by, or will be developed by, Seller or Affiliates of Seller, and that will use or share infrastructure, land, equipment (including the ability to jointly procure equipment), or other facilities with Seller or the Facility (each such future phase or separate renewable energy or energy storage project, an "**Expansion Project**"). The requirements of this Section 14.6 shall apply to each Expansion Project.

(b) Prior to offering the output of the Expansion Project for sale to any third party, Seller shall present a binding commercial offer for the output of the Expansion Project (the "**ROFR Offer**"), for Buyer to accept, subject only to finalization and execution of a power purchase agreement for the Expansion Project (the "**Project PPA**") incorporating the Material Terms of such Offer, and any additional terms the Parties agree to include, including credit requirements, and to the extent not inconsistent with the foregoing, the terms and conditions of this Agreement, as applicable. The ROFR Offer provided by Seller shall specifically identify the material financial and other terms and conditions of such ROFR Offer (the "**Material Terms**").

(c) At any time prior to the expiration of the forty-five (45) day period following Buyer's receipt of the ROFR Offer (the "**Exercise Period**"), Buyer may accept the ROFR Offer by delivery to Seller of a letter of intent executed by Buyer. If, by the expiration of the Exercise Period, Buyer has not accepted the ROFR Offer, and provided that Seller has complied with all of the provisions of this Section 14.6, at any time following the expiration of the

**CONFIDENTIAL
EXECUTION VERSION**

Exercise Period, Seller may enter into a Project PPA for the Expansion Project with a third party (the “**Third-Party Transaction**”); provided, that if such Third-Party Transaction is not consummated within twelve (12) months of the date of the Offer Notice, or if Seller offers the Expansion Project on terms more favorable than the Material Terms, the terms and conditions of this Section 14.6 will again apply, Seller shall not enter into any Third-Party Transaction for the Expansion Project without affording Buyer the right of first refusal on the terms and conditions of this Section 14.6.

(d) Notwithstanding any of the above, if the sum of (i) the Delivered Energy and (ii) the generating energy and/or storage energy from the Expansion Project for any Settlement Interval would exceed the Dedicated Interconnection Capacity for such Settlement Interval, then the generating energy and/or storage energy from the Expansion Project shall be curtailed first prior to curtailing the Delivered Energy.

**ARTICLE 15
DISPUTE RESOLUTION**

15.1 Governing Law; Venue.

(a) This agreement and the rights and duties of the parties hereunder shall be governed by and construed, enforced and performed in accordance with the laws of the state of California, without regard to principles of conflicts of Law. To the extent enforceable at such time, each party waives its respective right to any jury trial with respect to any litigation arising under or in connection with this agreement. [STC 17].

(b) For avoidance of doubt, although “agreement” is not capitalized in Section 15.1(a), the parties intend for “agreement” to mean this Agreement, and for “party” and “parties” to refer to the Party and Parties as set forth in the preamble to this Agreement.

(c) The Parties agree that any suit, action or other legal proceeding by or against any Party with respect to or arising out of this Agreement shall be brought in the federal or state courts of the State of California sitting in the County of San Diego.

15.2 Dispute Resolution. In the event of any dispute arising under this Agreement, within ten (10) days following the receipt of a Notice from either Party identifying such dispute, the Parties shall meet, negotiate and attempt, in good faith, to resolve the dispute quickly, informally and inexpensively. If the Parties are unable to resolve a dispute arising hereunder within the earlier of either thirty (30) days of initiating such discussions, or within forty (40) days after Notice of the dispute, the Parties shall submit the dispute to mediation prior to seeking any and all remedies available to them at Law in or equity. The Parties will cooperate in selecting a qualified neutral mediator selected from a panel of neutrals and in scheduling the time and place of the mediation as soon as reasonably possible, but in no event later than thirty (30) days after the request for mediation is made. The Parties agree to participate in the mediation in good faith and to share the costs of the mediation, including the mediator’s fee, equally, but such shared costs shall not include each Party’s own attorneys’ fees and costs, which shall be borne solely by such Party. If the mediation is unsuccessful, then either Party may seek any and all remedies available to it at law or in equity, subject to the limitations set forth in this Agreement.

**CONFIDENTIAL
EXECUTION VERSION**

15.3 Attorneys' Fees. In any proceeding brought to enforce this Agreement or because of the breach by any Party of any covenant or condition herein contained, the prevailing Party shall be entitled to reasonable attorneys' fees (including reasonably allocated fees of in-house counsel) in addition to court costs and any and all other costs recoverable in said action.

**ARTICLE 16
INDEMNIFICATION**

16.1 Indemnification.

(a) Each Party (the "**Indemnifying Party**") agrees to indemnify, defend and hold harmless the other Party and its Affiliates, directors, officers, employees and agents (collectively, the "**Indemnified Party**") from and against all claims, demands, losses, liabilities, penalties, and expenses (including reasonable attorneys' fees) (i) for personal injury or death to Persons and damage to the property of any third party to the extent arising out of, resulting from, or caused by the negligent or willful misconduct of the Indemnifying Party, its Affiliates, its directors, officers, employees, or agents, or (ii) for third-party claims resulting from the Indemnifying Party's breach (including inaccuracy of any representation of warranty made hereunder), performance or non-performance of its obligations under this Agreement ("**Indemnifiable Losses**").

(b) Seller shall indemnify, defend, and hold harmless Buyer's Indemnified Parties, from any claim, liability, loss, injury or damage arising out of, or in connection with Environmental Costs and any environmental matters associated with the Facility, including the storage, disposal and transportation of Hazardous Substances, or the contamination of land, including but not limited to the Site, with any Hazardous Substances by or on behalf of the Seller or at the Seller's direction or agreement.

(c) Nothing in this Section 16.1 shall enlarge or relieve Seller or Buyer of any liability to the other for any breach of this Agreement. Neither Party shall be indemnified for its damages resulting from its sole negligence, intentional acts, or willful misconduct. These indemnity provisions shall not be construed to relieve any insurer of its obligations to pay claims consistent with the provisions of a valid insurance policy.

16.2 Claims. Promptly after receipt by a Party of any claim or Notice of the commencement of any action, administrative, or legal proceeding, or investigation as to which the indemnity provided for in this Article 16 may apply, the Indemnified Party shall notify the Indemnifying Party in writing of such fact. The Indemnifying Party shall assume the defense thereof with counsel designated by the Indemnifying Party and satisfactory to the Indemnified Party, *provided*, if the defendants in any such action include both the Indemnified Party and the Indemnifying Party and the Indemnified Party shall have reasonably concluded that there may be legal defenses available to it which are different from or additional to, or inconsistent with, those available to the Indemnifying Party, the Indemnified Party shall have the right to select and be represented by separate counsel, at the Indemnifying Party's expense, unless a liability insurer is willing to pay such costs. If the Indemnifying Party fails to assume the defense of a claim meriting indemnification, the Indemnified Party may at the expense of the Indemnifying Party contest, settle, or pay such claim, *provided* that settlement or full payment of any such claim may be made

CONFIDENTIAL
EXECUTION VERSION

only following consent of the Indemnifying Party or, absent such consent, written opinion of the Indemnified Party's counsel that such claim is meritorious or warrants settlement. Except as otherwise provided in this Article 16, in the event that a Party is obligated to indemnify and hold the other Party and its successors and assigns harmless under this Article 16, the amount owing to the Indemnified Party will be the amount of the Indemnified Party's damages net of any insurance proceeds received by the Indemnified Party following a reasonable effort by the Indemnified Party to obtain such insurance proceeds.

ARTICLE 17
INSURANCE

17.1 Insurance.

(a) General Liability. Seller shall maintain, or cause to be maintained at its sole expense, (i) commercial general liability insurance, including products and completed operations and personal injury insurance, in a minimum amount of [REDACTED] per occurrence, and an annual aggregate of not less than [REDACTED], endorsed to provide contractual liability in said amount, specifically covering Seller's obligations under this Agreement and including Buyer as an additional insured; and (ii) an umbrella insurance policy in a minimum limit of liability of [REDACTED]. Defense costs shall be provided as an additional benefit and not included within the limits of liability. Such insurance shall contain standard cross-liability and severability of interest provisions.

(b) Employer's Liability Insurance. Seller, if it has employees, shall maintain Employers' Liability insurance with limits of not less than [REDACTED] for injury or death occurring as a result of each accident. With regard to bodily injury by disease, the [REDACTED] policy limit will apply to each employee.

(c) Workers Compensation Insurance. Seller, if it has employees, shall also maintain at all times during the Contract Term workers' compensation and employers' liability insurance coverage in accordance with applicable requirements of California Law.

(d) Business Auto Insurance. Seller shall maintain at all times during the Contract Term business auto insurance for bodily injury and property damage with limits of [REDACTED] per occurrence. (e) Pollution Liability. Seller shall maintain or cause to be maintained during the construction of the Facility prior to the Commercial Operation Date, Pollution Legal Liability Insurance in the amount of [REDACTED] per occurrence and in the aggregate, naming Seller (and Lender if any) as additional named insured.

(f) Construction All-Risk Insurance. Seller shall maintain or cause to be maintained during the construction of the Facility prior to the Commercial Operation Date,

**CONFIDENTIAL
EXECUTION VERSION**

construction all-risk form property insurance covering the Facility during such construction periods, and naming Seller (and Lender if any) as the loss payee.

(g) Subcontractor Insurance. Seller shall require all of its subcontractors to carry: (i) comprehensive general liability insurance with a combined single limit of coverage not less than [REDACTED]; (ii) workers' compensation insurance and employers' liability coverage in accordance with applicable requirements of Law; and (iii) business auto insurance for bodily injury and property damage with limits of [REDACTED] per occurrence. All subcontractors shall name Seller as an additional insured to insurance carried pursuant to clauses (g)(i) and (g)(iii). All subcontractors shall provide a primary endorsement and a waiver of subrogation to Seller for the required coverage pursuant to this Section 17.1(g).

(h) Property Insurance. On and after the Commercial Operation Date, Seller shall maintain or cause to be maintained insurance against loss or damage from all causes under standard "all risk" property insurance coverage in amounts that are not less than the actual replacement value of the Facility; *provided*, however, with respect to property insurance for natural catastrophes, Seller shall maintain limits equivalent to a probable maximum loss amount determined by a firm with experience providing such determinations. Such insurance shall include business interruption coverage in an amount equal to twelve (12) months of expected revenue from this Agreement.

(i) Evidence of Insurance. Within ten (10) days after execution of the Agreement and upon annual renewal thereafter, Seller shall deliver to Buyer certificates of insurance evidencing such coverage. Such certificates shall specify that Buyer shall be given at least thirty (30) days' prior Notice by Seller in the event of any material modification, cancellation or termination of coverage. Such insurance shall be primary coverage without right of contribution from any insurance of Buyer. Any other insurance maintained by Seller is for the exclusive benefit of Seller and shall not in any manner inure to the benefit of Buyer. The general liability, auto liability and workers' compensation policies shall be endorsed with a waiver of subrogation in favor of Buyer for all work performed by Seller, its employees, agents and sub-contractors.

**ARTICLE 18
CONFIDENTIAL INFORMATION**

18.1 Definition of Confidential Information. The following constitutes "Confidential Information," whether oral or written which is delivered by Seller to Buyer or by Buyer to Seller including: (a) the terms and conditions of, and proposals and negotiations related to, this Agreement, and (b) information that either Seller or Buyer stamps or otherwise identifies as "confidential" or "proprietary" before disclosing it to the other. Confidential Information does not include (i) information that was publicly available at the time of the disclosure, other than as a result of a disclosure in breach of this Agreement; (ii) information that becomes publicly available through no fault of the recipient after the time of the delivery; (iii) information that was rightfully in the possession of the recipient (without confidential or proprietary restriction) at the time of delivery or that becomes available to the recipient from a source not subject to any restriction against disclosing such information to the recipient; (iv) information that the recipient independently developed without a violation of this Agreement; and (v) information that is determined by Buyer to be subject to the California Public Records Act.

**CONFIDENTIAL
EXECUTION VERSION**

18.2 Duty to Maintain Confidentiality. The Party receiving Confidential Information (the “**Receiving Party**”) from the disclosing Party (the “**Disclosing Party**”) shall not disclose Confidential Information to a third party (other than the Receiving Party’s members, employees, lenders or investors, counsel, accountants, directors or advisors, or any such representatives of a Party’s Affiliates, who have a need to know such information and have agreed to keep such terms confidential) except in order to (a) comply with any applicable Law, regulation, any exchange, control area or independent system operator rule, an order of a court; or regulatory requirement applicable to the Receiving Party, or (b) in order to enforce this Agreement; *provided*, each Party shall, to the extent practicable, use reasonable efforts to prevent or limit the disclosure. The Parties shall be entitled to all remedies available at law or in equity to enforce, or seek relief in connection with, this confidentiality obligation. The Parties agree and acknowledge that nothing in this Section 18.2 prohibits a Party from disclosing any one or more of the commercial terms of a transaction (other than the name of the other Party unless otherwise agreed to in writing by the Parties) to any industry price source for the purpose of aggregating and reporting such information in the form of a published energy price index.

(b) The Parties acknowledge and agree that the Agreement and any transactions entered into in connection herewith are subject to the requirements of the California Public Records Act (California Government Code Section 7920 *et seq.*). In order to designate information as confidential, the Disclosing Party must clearly stamp and identify the specific portion of the material designated with the word “Confidential.” The Parties agree not to over-designate material as Confidential Information. Over-designation includes stamping whole agreements, entire pages or series of pages as “Confidential” that clearly contain information that is not Confidential Information.

18.3 Requested Confidential information. Upon request or demand of any third person or entity not a Party hereto to Buyer pursuant to the California Public Records Act for production, inspection and/or copying of Confidential Information (“**Requested Confidential Information**”), Buyer shall as soon as practical notify Seller in writing via email that such request has been made. Seller shall be solely responsible for taking at its sole expense whatever legal steps are necessary to prevent release of the Requested Confidential Information to the third party by Buyer. If Seller takes no such action after receiving the foregoing notice from Buyer, Buyer shall, at its discretion, be permitted to comply with the third party’s request or demand and is not required to defend against it. If Seller does take or attempt to take such action, Buyer shall provide timely and reasonable cooperation to Seller, if requested by Seller, and Seller agrees to indemnify and hold harmless Buyer and Buyer’s Indemnified Parties from any claims, liability, award of attorneys’ fees, or damages, and to defend any action, claim or lawsuit brought against any of Buyer or Buyer’s Indemnified Parties for Buyer’s refusal to disclose any Requested Confidential Information.

18.4 Irreparable Injury; Remedies. Receiving Party acknowledges that its obligations hereunder are necessary and reasonable in order to protect Disclosing Party and the business of Disclosing Party, and expressly acknowledges that monetary damages would be inadequate to compensate Disclosing Party for any breach or threatened breach by Receiving Party of any covenants and agreements set forth herein. Accordingly, Receiving Party acknowledges that any such breach or threatened breach will cause irreparable injury to Disclosing Party and that, in addition to any other remedies that may be available, in law, in equity or otherwise, Disclosing

**CONFIDENTIAL
EXECUTION VERSION**

Party will be entitled to obtain injunctive relief against the threatened breach of this Agreement or the continuation of any such breach, without the necessity of proving actual damages.

18.5 Further Permitted Disclosure. Notwithstanding anything to the contrary in this Article 18, Confidential Information may be disclosed by the Receiving Party to any of its agents, consultants, contractors, trustees, or actual or potential financing parties (including, in the case of Seller, its Lender(s)), so long as such Person to whom Confidential Information is disclosed agrees in writing to be bound by confidentiality provisions that are no less stringent than those in this Article 18 to the same extent as if it were a Party. Seller shall provide written notice to Buyer of any disclosure of Confidential Information pursuant to this Section 18.4, including the identity of the party receiving such Confidential Information.

18.6 Press Releases. Neither Party shall issue (or cause its Affiliates to issue) a press release regarding the transactions contemplated by this Agreement unless both Parties have agreed upon the contents of any such press release. A Party's consent shall not be unreasonably withheld, conditioned or delayed.

**ARTICLE 19
MISCELLANEOUS**

19.1 Entire Agreement; Integration; Exhibits. This Agreement, together with the Cover Sheet and Exhibits attached hereto constitutes the entire agreement and understanding between Seller and Buyer with respect to the subject matter hereof and supersedes all prior agreements relating to the subject matter hereof, which are of no further force or effect. The Exhibits attached hereto are integral parts hereof and are made a part of this Agreement by reference. The headings used herein are for convenience and reference purposes only. In the event of a conflict between the provisions of this Agreement and those of the Cover Sheet or any Exhibit, the provisions of first the Cover Sheet, and then this Agreement shall prevail, and such Exhibit shall be corrected accordingly. This Agreement shall be considered for all purposes as prepared through the joint efforts of the Parties and shall not be construed against one Party or the other as a result of the preparation, substitution, submission or other event of negotiation, drafting or execution hereof.

19.2 Amendments. This Agreement may only be amended, modified or supplemented by an instrument in writing executed by duly authorized representatives of Seller and Buyer; *provided*, that, for the avoidance of doubt, this Agreement may not be amended by electronic mail communications.

19.3 No Waiver. Waiver by a Party of any default by the other Party shall not be construed as a waiver of any other default.

19.4 No Agency, Partnership, Joint Venture or Lease. Seller and the agents and employees of Seller shall, in the performance of this Agreement, act in an independent capacity and not as officers or employees or agents of Buyer. Under this Agreement, Seller and Buyer intend to act as energy seller and energy purchaser, respectively, and do not intend to be treated as, and shall not act as, partners in, co-venturers in or lessor/lessee with respect to the Facility or any business related to the Facility. This Agreement shall not impart any rights enforceable by any

EXECUTION VERSION

third party (other than a permitted successor or assignee bound to this Agreement) or, to the extent set forth herein, any Lender and/or Indemnified Party.

19.5 Severability. In the event that any provision of this Agreement is unenforceable or held to be unenforceable, the Parties agree that all other provisions of this Agreement have force and effect and shall not be affected thereby. The Parties shall, however, use their best endeavors to agree on the replacement of the void, illegal or unenforceable provision(s) with legally acceptable clauses which correspond as closely as possible to the sense and purpose of the affected provision and this Agreement as a whole.

19.6 Mobile-Sierra. Notwithstanding any other provision of this Agreement, neither Party shall seek, nor shall they support any third party seeking, to prospectively or retroactively revise the rates, terms or conditions of service of this Agreement through application or complaint to FERC pursuant to the provisions of Section 205, 206 or 306 of the Federal Power Act, or any other provisions of the Federal Power Act, absent prior written agreement of the Parties. Further, absent the prior written agreement in writing by both Parties, the standard of review for changes to the rates, terms or conditions of service of this Agreement proposed by a Party shall be the “public interest” standard of review set forth in *United Gas Pipe Line Co. v. Mobile Gas Service Corp.*, 350 U.S. 332 (1956) and *Federal Power Commission v. Sierra Pacific Power Co.*, 350 U.S. 348 (1956). Changes proposed by a non-Party or FERC acting *sua sponte* shall be subject to the most stringent standard permissible under Law.

19.7 Counterparts. This Agreement may be executed in one or more counterparts, all of which taken together shall constitute one and the same instrument and each of which shall be deemed an original.

19.8 Electronic Delivery. This Agreement may be duly executed and delivered by a Party by electronic format (including portable document format (.pdf)). Delivery of an executed counterpart in .pdf electronic version shall be binding as if delivered in the original. The words “execution,” “signed,” “signature,” and words of like import in this Agreement shall be deemed to include electronic signatures or electronic records, each of which shall be of the same legal effect, validity, or enforceability as a manually executed signature or the use of a paper-based record keeping system, as the case may be, to the extent and as provided for in any applicable law.

19.9 Binding Effect. This Agreement shall inure to the benefit of and be binding upon the Parties and their respective successors and permitted assigns.

19.10 No Recourse to Members of Buyer. Buyer is organized as a Joint Powers Authority in accordance with the Joint Exercise of Powers Act of the State of California (California Government Code Section 6500, et seq.) pursuant to its Joint Powers Agreement and is a public entity separate from its constituent members. Buyer shall solely be responsible for all debts, obligations and liabilities accruing and arising out of this Agreement. Seller shall have no rights and shall not make any claims, take any actions or assert any remedies against any of Buyer’s constituent members, or the employees, directors, officers, consultants or advisors or Buyer or its constituent members, in connection with this Agreement.

19.11 Forward Contract. The Parties acknowledge and agree that this Agreement

CONFIDENTIAL
EXECUTION VERSION

constitutes a “forward contract” within the meaning of the U.S. Bankruptcy Code, and Buyer and Seller are “forward contract merchants” within the meaning of the U.S. Bankruptcy Code. Each Party further agrees that, for all purposes of this Agreement, each Party waives and agrees not to assert the applicability of the provisions of 11 U.S.C. § 366 in any Bankruptcy proceeding wherein such Party is a debtor. In any such proceeding, each Party further waives the right to assert that the other Party is a provider of last resort to the extent such term relates to 11 U.S.C. §366 or another provision of 11 U.S.C. § 101-1532.

19.12 Further Assurances. Each of the Parties hereto agrees to provide such information, execute and deliver any instruments and documents and to take such other actions as may be necessary or reasonably requested by the other Party which are not inconsistent with the provisions of this Agreement and which do not involve the assumption of obligations other than those provided for in this Agreement, to give full effect to this Agreement and to carry out the intent of this Agreement.

19.13 Change in Electric Market Design. If a change in the CAISO Tariff renders this Agreement or any provisions hereof incapable of being performed or administered, then any Party may request that Buyer and Seller enter into negotiations to make the minimum changes to this Agreement necessary to make this Agreement capable of being performed and administered, while attempting to preserve to the maximum extent possible the benefits, burdens, and obligations set forth in this Agreement as of the Effective Date. Upon delivery of such a request, Buyer and Seller shall engage in such negotiations in good faith. If Buyer and Seller are unable, within sixty (60) days after delivery of such request, to agree upon changes to this Agreement or to resolve issues relating to changes to this Agreement, then any Party may submit issues pertaining to changes to this Agreement to the dispute resolution process set forth in Article 15. Notwithstanding the foregoing, (i) a change in cost shall not in and of itself be deemed to render this Agreement or any of the provisions hereof incapable of being performed or administered, and (ii) all of the unaffected provisions of this Agreement shall remain in full force and effect during any period of such negotiation or dispute resolution.

In addition to extensions pursuant to a Development Cure Period, Seller may extend the Guaranteed Commercial Operation Date by paying Commercial Operation Delay Damages in advance to Buyer for each day Seller desires to extend the Guaranteed Commercial Operation Date, not to exceed a total of [REDACTED] of extensions by such payment of Commercial Operation Delay Damages. If Seller elects to extend the Guaranteed Commercial Operation Date, on or before the date that is [REDACTED] prior to the then-current Guaranteed Commercial Operation Date, Seller shall provide Notice and payment to Buyer of the Commercial Operation Delay Damages for the number of days of extension to the Guaranteed Commercial Operation Date. If Seller achieves Commercial Operation prior to the Guaranteed Commercial Operation Date, as extended by the payment of Commercial Operation Delay Damages, Buyer shall refund to Seller the Commercial Operation Delay Damages for each day Seller achieves Commercial Operation prior to the Guaranteed Commercial Operation Date times the Commercial Operation Delay Damages, not to exceed the total amount of Commercial Operation Delay Damages paid by Seller pursuant to this this Section 2(c) of Exhibit B.
3. **Termination for Failure to Timely Achieve Commercial Operation.** If the Facility has not achieved Commercial Operation on or before the Guaranteed Commercial Operation Date (as may be extended hereunder), Buyer may elect to terminate this Agreement in accordance with Sections 11.1(b)(ii) and 11.2.
4. **Extension of the Guaranteed Dates.** The Guaranteed Commercial Operation Date shall, subject to notice and documentation requirements set forth below, be extended on a day-for-day basis (the “**Development Cure Period**”) for the duration of any and all delays arising out of the following circumstances to the extent the following circumstances are not the result of Seller’s failure to take all commercially reasonable actions to meet its requirements and deadlines:

Notwithstanding anything in this Agreement to the contrary, the cumulative extensions granted under the Development Cure Period (other than the extensions granted pursuant to clause 4(c) above) shall not exceed [REDACTED], for any reason, including a Force Majeure Event, and the cumulative extensions granted to the Guaranteed Commercial Operation Date by the payment of Commercial Operation Delay Damages and

EXECUTION VERSION

any Development Cure Period(s) (other than the extensions granted pursuant to clause 4(d) above) shall not exceed [REDACTED]. Notwithstanding anything to the contrary, no Development Cure Period extension shall be given if (i) the delay was the result of Seller's failure to take all commercially reasonable actions to meet its requirements and deadlines, or (ii) Seller failed to provide requested documentation as provided below. Except as set forth in Section 10.3 regarding Force Majeure Event notice requirements, Seller shall provide prompt written notice to Buyer of a Development Cure Period delay, but in no case more than [REDACTED] after Seller became aware of such delay, except that in the case of a delay occurring within [REDACTED] of the Guaranteed Commercial Operation Date, or after such date, Seller must provide written notice within [REDACTED] of Seller becoming aware of such delay. Upon request from Buyer, Seller shall provide documentation demonstrating to Buyer's reasonable satisfaction that the delays described above did not result from Seller's actions or failure to take commercially reasonable actions.

5. Failure to Reach Guaranteed Capacity.

If, at Commercial Operation, the Installed Capacity is less than one hundred percent (100%) of the Guaranteed Capacity, Seller shall have [REDACTED] after the Commercial Operation Date to install additional capacity such that the Installed Capacity is equal to (but not greater than) the Guaranteed Capacity, and Seller shall provide to Buyer a new certificate substantially in the form attached as Exhibit I hereto specifying the new Installed Capacity. If Seller fails to construct the Guaranteed Capacity by such date, Seller shall pay "**Capacity Damages**" to Buyer, in an amount equal to [REDACTED] for each MW that the Guaranteed Capacity exceeds the Installed Capacity, and the Guaranteed Capacity and other applicable portions of the Agreement shall be adjusted accordingly. Capacity Damages shall not be offset or reduced by the payment of Commercial Operation Delay Damages or any other form of liquidated damages under this Agreement.

EXHIBIT C

COMPENSATION

Buyer shall compensate Seller for the Product in accordance with this Exhibit C (the “**Monthly Product Payment**”).

(a) Renewable Rate. Buyer shall pay Seller the Contract Price for each MWh of Delivered Energy, plus Deemed Delivered Energy, if any, up to [REDACTED] of the Expected Energy for each Contract Year.

(b) Excess Contract Year Deliveries Over [REDACTED]. If, at any point in any Contract Year, the amount of Delivered Energy plus the amount of Deemed Delivered Energy exceeds [REDACTED] of the Expected Energy for such Contract Year, the price to be paid for additional Delivered Energy or Deemed Delivered Energy shall be equal to the lesser of (a) the Delivery Point LMP for the Real Time Market for the applicable Settlement Interval, but not less than zero dollars (\$0), or (b) [REDACTED].

(c) Excess Settlement Interval Deliveries. If during any Settlement Interval, Seller delivers Product amounts, as measured by the amount of Delivered Energy, in excess of the product of the Installed Capacity *multiplied by* the duration of the Settlement Interval, expressed in hours (“**Excess MWh**”), then the price applicable to all such excess MWh in such Settlement Interval shall be zero dollars (\$0), and if there is a Negative LMP during such Settlement Interval, Seller shall pay to Buyer an amount equal to the absolute value of the Negative LMP times such excess MWh (“**Negative LMP Costs**”).

(d) Curtailment Payments. Seller shall receive no compensation from Buyer for Delivered Energy or Deemed Delivered Energy during any Curtailment Period.

(e) Test Energy. Test Energy is compensated in accordance with Section 3.6.

[REDACTED] Renewable Energy Incentives. Except as set forth in [REDACTED] the Parties agree that the neither the Contract Price nor the Test Energy Rate are subject to adjustment or amendment if Seller fails to receive any Renewable Energy Incentives, or if any Renewable Energy Incentives expire, are repealed or otherwise cease to apply to Seller or the Facility in whole or in part, or Seller or its investors are unable to benefit from any Renewable Energy Incentives. Seller shall bear all risks, financial and otherwise, throughout the Contract Term, associated with Seller’s or the Facility’s eligibility to receive Renewable Energy Incentives or to qualify for accelerated depreciation for Seller’s accounting, reporting or Tax purposes. The obligations of the Parties hereunder, including those obligations set forth herein regarding the purchase and price for and Seller’s obligation to deliver Delivered Energy and Product, shall be effective regardless of whether the sale of Delivered Energy is eligible for, or receives Renewable Energy Incentives during the Contract Term. Notwithstanding the foregoing, if after the Effective Date of this Agreement, the Renewable Energy Incentives are increased from the current credit amount of [REDACTED]

EXHIBIT D

SCHEDULING COORDINATOR RESPONSIBILITIES

(a) Buyer as Scheduling Coordinator for the Facility. Upon Initial Synchronization of the Facility to the CAISO Grid, Buyer shall be the Scheduling Coordinator or designate a qualified third party to provide Scheduling Coordinator services with the CAISO for the Facility for both the delivery and the receipt (as applicable) of Test Energy, and the Product at the Delivery Point. Prior to the Initial Synchronization of the Facility, Seller or Seller's designee shall be the Scheduling Coordinator for the Facility. At least thirty (30) days prior to the Initial Synchronization, (i) Seller shall take all actions and execute and deliver to Buyer and the CAISO all documents necessary to authorize or designate Buyer (or Buyer's designee) as the Scheduling Coordinator for the Facility effective as of the Initial Synchronization of the Facility to the CAISO Grid, (ii) Seller shall make available to Buyer's Scheduling Coordinator all real-time telemetry data reasonably necessary for Buyer's Scheduling Coordinator to perform its duties as Buyer's Scheduling Coordinator, including the relevant operational data specified in this Exhibit D, Section (i), and (iii) Buyer shall, and shall cause its designee to, take all actions and execute and deliver to Seller and the CAISO all documents necessary to authorize or designate Buyer or its designee as the Scheduling Coordinator for the Facility effective as of the Initial Synchronization of the Facility to the CAISO Grid. On and after Initial Synchronization of the Facility to the CAISO Grid, Seller shall not authorize or designate any other party to act as the Facility's Scheduling Coordinator, nor shall Seller perform for its own benefit the duties of Scheduling Coordinator, nor shall Seller perform for its own benefit the duties of Scheduling Coordinator, and Seller shall not revoke Buyer's authorization to act as the Facility's Scheduling Coordinator unless agreed to by Buyer. Buyer (as the Facility's SC) shall submit Schedules to the CAISO in accordance with this Agreement and the applicable CAISO Tariff, protocols and Scheduling practices for Product on a day-ahead, hour-ahead, fifteen-minute market or real time or other CAISO market basis that may develop after the Effective Date, as determined by Buyer.

(b) Notices. Buyer (as the Facility's SC) shall provide Seller with access to a web-based system through which Seller shall submit to Buyer and the CAISO all notices and updates required under the CAISO Tariff regarding the Facility's status, including, but not limited to, all outage requests, forced outages, forced outage reports, clearance requests, or must offer waiver forms. Seller shall cooperate with Buyer to provide such notices and updates. If the web-based system is not available, Seller shall promptly submit such information to Buyer and the CAISO (in order of preference) telephonically, by electronic mail, or fax transmission to the personnel designated to receive such information.

(c) CAISO Costs and Revenues. Except as otherwise set forth below, Buyer (as Scheduling Coordinator for the Facility) shall be responsible for CAISO costs (including penalties, Imbalance Energy costs (except as otherwise set forth in this Agreement), and other charges) and shall be entitled to all CAISO revenues (including credits, Imbalance Energy revenues, and other payments), including revenues associated with CAISO Dispatches, bid cost recovery, Inter-SC Trade credits, or other credits in respect of the Product Scheduled or delivered from the Facility. In addition, Seller shall assume all liability and reimburse Buyer for any and all CAISO penalties and Imbalance Energy costs (i) incurred by Buyer resulting from any failure by Seller to abide by the CAISO Tariff requirements imposed on it as Facility owner (but not in

CONFIDENTIAL
EXECUTION VERSION

connection with obligations of Buyer hereunder) or the outage notification requirements set forth in this Agreement (except to the extent such non-compliance is caused by Buyer's failure to perform its duties as Scheduling Coordinator for the Facility), or (ii) to the extent arising as a result of Seller's failure to comply with a timely Curtailment Order if such failure results in incremental costs to Buyer. In addition, if during the Delivery Term, the CAISO implements or has implemented any sanction or penalty related to scheduling, outage reporting, or generator operation, and any such sanctions or penalties are imposed upon the Facility or to Buyer as Scheduling Coordinator due to failure by Seller to abide by the CAISO Tariff or the outage notification requirements set forth in this Agreement, the cost of the sanctions or penalties shall be Seller's responsibility.

(d) CAISO Settlements. Buyer (as the Facility's SC) shall be responsible for all settlement functions with the CAISO related to the Facility. Buyer shall render a separate invoice to Seller for any CAISO payments, charges or penalties ("**CAISO Charges Invoice**") for which Seller is responsible under this Agreement. CAISO Charges Invoices shall be rendered after settlement information becomes available from the CAISO that identifies any CAISO charges. Notwithstanding the foregoing, Seller acknowledges that the CAISO will issue additional invoices reflecting CAISO adjustments to such CAISO charges. Buyer will review, validate, and if requested by Seller under paragraph (e) below, dispute any charges that are the responsibility of Seller in a timely manner and consistent with Buyer's existing settlement processes for charges that are Buyer's responsibilities. Subject to Seller's right to dispute and to have Buyer pursue the dispute of any such invoices, Seller shall pay the amount of CAISO Charges Invoices within ten (10) Business Days of Seller's receipt of the CAISO Charges Invoice. If Seller fails to pay such CAISO Charges Invoice within that period, Buyer may net or offset any amounts owing to it for such CAISO Charges Invoices against any future amounts it may owe to Seller under this Agreement. The obligations under this Section with respect to payment of CAISO Charges Invoices in respect of performance prior to the expiration or termination of this Agreement shall survive the expiration or termination of this Agreement.

(e) Dispute Costs. Buyer (as the Facility's SC) may be required by Seller to dispute CAISO settlements in respect of the Facility. Seller agrees to pay Buyer's costs and expenses (including reasonable attorneys' fees) associated with its involvement with such CAISO disputes to the extent they relate to CAISO charges payable by Seller with respect to the Facility that Seller has directed Buyer to dispute.

(f) Terminating Buyer's Designation as Scheduling Coordinator. At least thirty (30) days prior to expiration of this Agreement or as soon as reasonably practicable upon an earlier termination of this Agreement, the Parties will take all actions necessary to terminate the designation of Buyer as Scheduling Coordinator for the Facility as of 11:59 p.m. on such expiration date.

(g) Master Data File and Resource Data Template; Master Resource Database. The Parties will collaborate to comply with the applicable deadlines for filing and updating the information for the Facility in the CPUC Master Resource Database and Master Data File. Seller shall provide the data to Buyer that is required for the CAISO's Master Data File and Resource Data Template (or successor data systems) for the Facility consistent with this Agreement at least five (5) Business Days before the deadline for submission to CAISO and Buyer (as SC) shall

CONFIDENTIAL
EXECUTION VERSION

promptly provide such data to CAISO. Seller shall provide the data that is required for the CPUC Master Resource Database for the Facility consistent with this Agreement to Buyer for review and approval at least five (5) Business Days before the deadline for submission of such to the CPUC. Neither Party shall change such CAISO or CPUC data without the other Party's prior written consent. At least once per Contract Year, Seller shall review and confirm that the data provided for the CAISO's Master Data File and Resource Data Template (or successor data systems) and CPUC Master Resource Database for this Facility remains consistent with the actual operating characteristics of the Facility and provide such information to Buyer for review at least five (5) Business Days prior to submission to the CAISO or CPUC as applicable.

(h) NERC Reliability Standards. Buyer (as Scheduling Coordinator) shall cooperate reasonably with Seller to the extent necessary to enable Seller to comply, and for Seller to demonstrate Seller's compliance with, NERC reliability standards. This cooperation shall include the provision of information in Buyer's possession that Buyer (as Scheduling Coordinator) has provided to the CAISO related to the Facility or actions taken by Buyer (as Scheduling Coordinator) related to Seller's compliance with NERC reliability standards.

GUARANTEED ENERGY PRODUCTION DAMAGES CALCULATION

In accordance with Section 4.9, if Seller fails to achieve the Guaranteed Energy Production during any Performance Measurement Period, a liquidated damages payment shall be due from Seller to Buyer, calculated as follows:

$$[(A - B) * (C - D)] - (E + F)$$

where:

A = the Guaranteed Energy Production amount for the Performance Measurement Period, in MWh

B = the Adjusted Energy Production amount for the Performance Measurement Period, in MWh

C = Replacement price for the Performance Measurement Period, in \$/MWh, which is the sum of (a) the simple average of the Integrated Forward Market (as such term is defined in the CAISO Tariff) hourly price for all the hours in the Performance Measurement Period, as published by the CAISO, for the Existing Zone Generation Trading Hub (as defined in the CAISO Tariff) for the Delivery Point, plus (b) the market value of Replacement Green Attributes as reasonably determined by Buyer; [REDACTED]

D = the Renewable Rate for the Contract Year which ends each Performance Measurement Period, in \$/MWh

E = The amount of GEP Damages paid by Seller with respect to the immediately preceding Performance Measurement Period

F = The product of (a) the amount of Replacement Product in MWhs delivered by Seller in the immediately preceding Contract Year and (b) the price which is (C - D)

“Adjusted Energy Production” shall mean the sum of the following: Delivered Energy + Deemed Delivered Energy + Lost Output.

No payment shall be due if the calculation of (a) (A - B), (b) (C - D), or (c) [(A - B) * (C - D)] - (E + F), yields a negative number. In no event will Buyer owe any payment to Seller pursuant to this Exhibit G.

Within sixty (60) days after each Contract Year, Buyer shall send Seller Notice of the amount of damages owing, if any, which shall be payable to Buyer before the later of (a) thirty (30) days of such Notice and (b) ninety (90) days after each Performance Measurement Period,

CONFIDENTIAL

provided, the amount of damages owing shall be adjusted to account for Replacement Product, if any, delivered after each applicable Performance Measurement Period.

“Replacement Energy” means energy produced by a facility other than the Facility, that is provided by Seller to Buyer as Replacement Product, in an amount equal to the amount of Replacement Green Attributes provided by Seller as Replacement Product for the same Performance Measurement Period or, with Buyer’s prior written consent, in the following calendar year.

“Replacement Product” means (a) Replacement Energy, and (b) Replacement Green Attributes for the previous Contract Year. Seller shall provide Replacement Product for the same Performance Measurement Period or, with Buyer’s prior written consent, in the following calendar year.

Assigned Rights and Obligations

PPA: Renewable Power Purchase Agreement dated as of [____], by and between PPA Buyer and PPA Seller, as may be amended from time to time.

Delivery Point: [____]

Further Information: PPA Seller shall transfer or, to the extent applicable, continue to transfer, to PPA Buyer the WREGIS Certificates associated with all [Renewable Energy Credits] corresponding to all [PV Energy] under the PPA pursuant to [Section ____ of the PPA], provided that the transferee of such WREGIS Certificates may be changed from time to time in accordance with the written instructions of both Limited Assignee and PPA Buyer upon fifteen (15) Business Days' notice, which change shall be effective as of the first day of the next calendar month after such notice period has expired, unless otherwise agreed. All Assigned Product delivered by PPA Seller to Limited Assignee shall be a sale made at wholesale, with Limited Assignee reselling all such Assigned Product. Terms with initial capitalization used in this paragraph but not otherwise defined in this Agreement have the meaning set forth in the PPA.

Limitation of Limited Assignee Liability. Limited Assignee has separately agreed with the PPA Buyer and the Custodian (pursuant to the Custodial Agreement dated November 20, 2024, among PPA Buyer, Limited Assignee and the Custodian (the "**Custody Agreement**")) to pay into the custodial account specified in the Custody Agreement (the "**Custodial Account**") for Assigned Product delivered in each Month of the Assignment Period at the "Day-Ahead Average Price" as defined below ("**Floating Price Payments**"). Limited Assignee agrees for the benefit of the PPA Seller to pay the Floating Price Payments into the Custodial Account, and Limited Assignee's payment obligations under this Agreement are limited to making such payments into the Custodial Account, for application as provided in the Custody Agreement. PPA Buyer and PPA Seller each acknowledge and agree that the making of Floating Price Payments into the Custodial Account by Limited Assignee shall not entitle (i) PPA Seller for payments in excess of the [Contract Price] for Assigned Product delivered hereunder or (ii) PPA Buyer to pay less than the [Contract Price] for Assigned Product delivered hereunder. PPA Buyer and Limited Assignee each acknowledge and agree that the making of Floating Price Payments into the Custodial Account by Limited Assignee shall not entitle (i) Limited Assignee to any payments from PPA Seller or (ii) affect the Custodian's obligation to pay the Monthly Gross Amount to PPA Seller on or before the applicable payment date in the PPA. At all times the PPA Buyer shall remain obligated for the payment of all amounts owing under the terms of the PPA including the Monthly Gross Amount under each invoice.

As used in this definition, “Pricing Interval” means the unit of time for which [] establishes a separate price. As used in this definition “Day-Ahead Market Price” means the Day Ahead Market or Locational Marginal Price for [] for each applicable hour as published by [], or as such price may be corrected or revised from time to time by [] in accordance with its rules. For the avoidance of doubt, the Day-Ahead Average Price can be a negative number.
